Dear Mr. Brown:

Building permit for construction of a two car garage
22 feet by 24 feet at the above named location is issued herewith
subject to the following conditions:

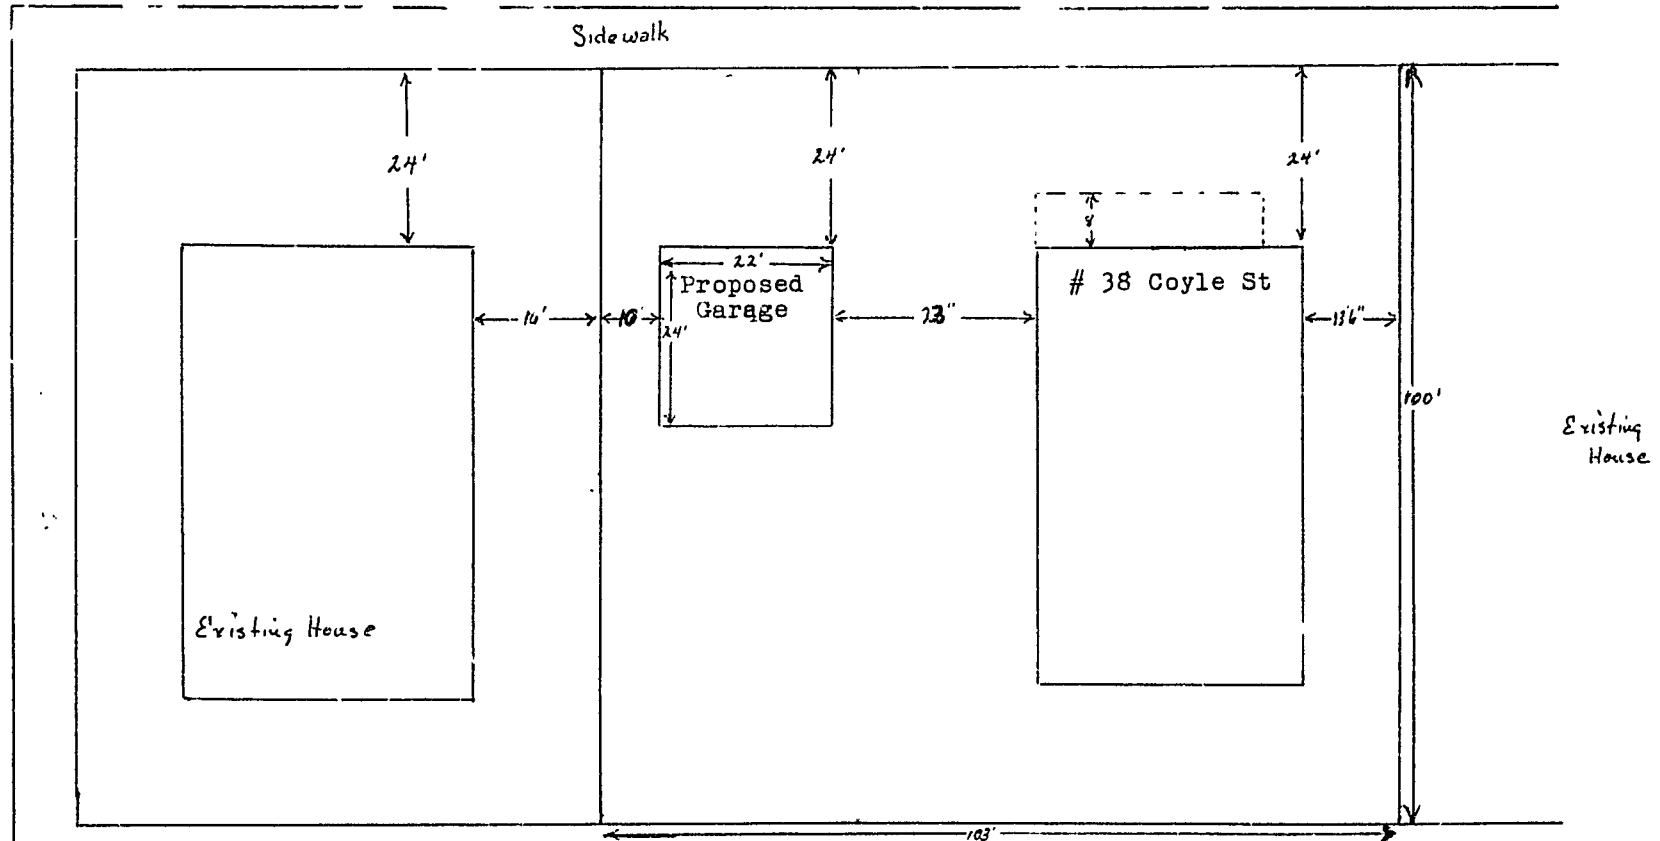

1. Building is to be located so that sidewall
will be at least 10 feet from side lot line.
2. The spacing of concrete piers is not to exceed
six feet on centers.
3. The 4x6 sills are to be all one piece in cross
section, not made up of two pieces of 2x6, and are to be set with the
six inch dimension upright.
4. Header over large door opening is to be no less
than 4x6.

Very truly yours,

Albert J. Sears
Deputy Inspector of Buildings

RECEIVED

NOV 29 1957

DEPT. OF BLD'G INSP.
CITY OF HAWAII

STATEMENT ACCOMPANYING APPLICATION FOR BUILDING PERMIT

for Will 2-car garage

Date Nov. 29, 1957

at 38 Coyle St.

1. In whose name is the title of the property now recorded? William Roberts
2. Are the boundaries of the property in the vicinity of the proposed work shown clearly on the ground, and how? yes stakes
3. Is the outline of the proposed work now staked out upon the ground? no
If not, will you notify the Inspection Office when the work is staked out and before any of the work is commenced? yes
4. What is to be maximum projection or overhang of eaves or drip? 6"
5. Do you assume full responsibility for the correctness of the location plan or statement of location filed with this application, and does it show the complete outline of the proposed work on the ground, including bay windows, porches and other projections? yes
6. Do you assume full responsibility for the correctness of all statements in the application concerning the sizes, design and use of the proposed building? yes
7. Do you understand in case changes are proposed in the location of the work or in any of the details specified in the application that a revised plan and application must be submitted to this office before the changes are made? yes

Harry E. Brown

December 2, 1957

AP—38 Coyle Street

Mr. Stanley Brown
Cumberland Center, Me.

Copy to Mr. William Roberts
204 Walton Street

Dear Mr. Brown:

We are unable to issue a permit for construction of a two car garage 22 feet by 24 feet at the above named location because the building is to be located only 7 feet from the side lot line instead of the 10 feet required. Since it is to be located so close to the street as to be an unlawful encroachment upon the required 10 foot minimum width of side yard. There would appear to be no reason why the location of the building cannot be moved to provide the 10 foot clearance, but, if there is, the owner has appeal rights if he cares to exercise them.

No information has been furnished as to the spacing of concrete piers supporting the building. Neither is there any indication as to the size of headers to be used over the large door openings.

We shall be unable to issue a permit for construction of the building until information indicating compliance with Zoning Ordinance and Building Code requirements has been received.

Very truly yours,

Albert J. Sears
Deputy Inspector of Buildings
