Portland, Me.

Mr. Joe Guidi:

In a review of this department's files, I find that you made an application for amendment to a permit dated, 6-24-81 for which the fee of \$5.50 was never paid.

I'm enclosing a copy of this application and honoring the old permit fee rate.

If you have a question on this please call.

Sincerely,

P.S. Hoffses
Chief of Inspection Services

Re: 43 Chenery Street Gen. 128-A-2,3 & 129-H-17

Dear Sir:

You have been issued a permit to complete alterations at the above address. The amount of contractual cost, estimated on the permit application, seems very low as to the extent of work completed at this time.

It is therefore necessary for you to file an amendment to your permit which shows a true estimated contractual cost.

Failure to abide with this request could necessitate a \$100. belated fee and a fine of up to \$500. per day. Please take care of this matter as soon as possible.

Yours truly,

48 Vanrah Ave.

Owner--^oHarry Geron
13 Coogan St.

Architect--^oWm. B. Millward
48 Fessenden St.

Building permit for construction of a single family dwelling and attached garage at the above location is issued herewith based on plans filed with application for permit but subject to the following conditions:-

- location of property indicated in application as lots 53 and 54 must be in error since we are unable to find any lots of such designation on Chenery St. We do find, however, that Mr. Geron owns the property at the location indicated above and understand that the house and garage are to be located on lots 37 and 39, which are at this street address. The permit is issued on this basis.
- before notice for form check is given information is to be furnished as to framing and supports of wood platform and steps to be constructed on rear of building instead of the concrete construction shown on plans, and what, if any, change will be necessary in the grading of the lot and construction of foundation walls at this location.
- by acceptance of permit you agree to the following changes in construction or to file an application for an amendment covering other acceptable construction before proceeding with the part of the work involved:-
 - a - Use full size 6x10 hemlock or spruce girder instead of 6x8 indicated.
 - b - Use 4x12 dressed Douglas Fir header over large window opening in rear wall of den in basement instead of 4x10 indicated.
 - c - Use 4x10 dressed Douglas Fir beam over opening in carrying partition between living room and kitchen instead of 4x8 shown.
 - d - Extend studs in rear wall down to the double 2x4 girt instead of supporting them on a shoe on top of first floor timbers, the corner post to extend in one length from 4x6 sill to plate supporting rafters.
 - e - Built-up roof covering to be of such construction as to meet specifications for a Class "C" roof.
