AP 67-69 Godman Street

Mr. M. William Cohen
21 Godman Street

Copy to Corporation Counsel

Dear Mr. Cohen:-

As you are aware, we are unable to issue a permit for construction of a single family dwelling with two-car garage in basement at the above location because the sum of the two side yards is to be only 15 feet instead of the minimum of 16 feet specified by Section 13C of the zoning Ordinance applying to the Residence AA Zone where the property is located.

You have indicated a desire to exercise your appeal rights concerning this matter. Accordingly we are enclosing an outline of the appeal procedure and are certifying the case to the Corporation Council who serves as clerk for the Board of Appeals. In order for the appeal to be considered at the earliest opportunity it is necessary that it be filed as soon as possible.

Very truly yours,

Warren McDonald
Inspector of Buildings

AJS/G
Enclosure: Outline of appeal procedure

January 23, 1957

Mr. William Cohen
21 Codman St.
Mr. Ralph P. Barto
143 Capisic St.

Location - 67-69 Codman St.

Owner - M. William Cohen

Job - Dwelling

Gentlemen:-

Upon inspection of the above job on January 21st, I find that there are two fireplaces in this dwelling that are both built with the brick hearth about eight inches above the concrete floors. A fireplace hearth must be at least 18 inches wide measured from the face of the chimney breast. The brick work of these two fireplace hearths does not extend beyond the chimney breast; therefore, at least 18 inches of concrete floor is now serving as your fireplace hearth. It seems to me that you probably plan to cover this concrete floor in front of at least one if not both of these fireplaces with some kind of floor covering. If that is the case, we would like to warn you for your own protection that the part of floor serving as a hearth must be covered with some kind of incombustible material. - (See Building Code Sect. 304-c)

If additional information relative to the above is desired, please phone Inspector Soule at 4-1431, extension 234, any week day but Saturday between 8:00 and 8:30 A. M.

Very truly yours,

A. Allan Soule
Field Inspector

AAS/G

July 17, 1956

AP 67-69 Codman St. N

Mr. M. William Cohen
21 Codman Street

Copy to Ralph P. Barto
148 Capisic Street

Dear Mr. Cohen:-

Appeal under the Zoning Ordinance having been sustained, building permit for construction of a single family dwelling with two car garage in basement is issued herewith based on plans filed with application for permit but subject to the following conditions:-

Before notification is given for check of forms and location prior to pouring concrete for foundation walls, the following information is to be furnished:-

- 7/17/56 *OK* }
AS
- size of plates for support of rafters of front and rear entrance porches. - 4 X 4
 - size of beam to be provided in ceiling framing of front hall where partitions on which roof framing is to be supported do not extend across hall. 6 X 8 - 4 X 8

By acceptance of permit you agree to provide the following construction or else to secure approval of some other type of acceptable construction before start is made on that part of the work involved:-

- the usual horizontal boarding is to be provided on walls wherever vertical sheathing is to be used for weather boarding.

Very truly yours,

Albert J. Seurn
Deputy Inspector of Buildings

11/1/56

City of Portland, Maine
Board of Appeals
—ZONING—

July 11, 1956, 19

*Sustained
7/13/56*

56/60

To the Board of Appeals:

Your appellant, I. William Cohen, who is the owner of property at 87-69 Codman Street, respectfully petitions the Board of Appeals of the City of Portland to permit an exception to the regulations of the Zoning Ordinance relating to this property, as provided by Section 18, Paragraph E of said Zoning Ordinance.

Permit for construction of a single family dwelling with two-car garage in basement at above location is not issuable under the Zoning Ordinance because the sum of the two side yards is to be only 15 feet instead of the minimum of 16 feet specified by Section 13C of the Ordinance applying to the Residence AA Zone where the property is located.

The facts and conditions which make this exception legally permissible are as follows:

An exception is necessary in this case to grant reasonable use of property and can be granted without substantially departing from the intent and purpose of the Zoning Ordinance.

I. William Cohen
Appellant

After public hearing held on the 13th day of July, 1956,

the Board of Appeals finds that an exception is necessary in this case to grant reasonable use of property and can be granted without substantially departing from the intent and purpose of the Zoning Ordinance.

It is, therefore, determined that exception to the Zoning Ordinance may be permitted in this specific case.

RE: 67 Codman Street, Portland, Maine

Mr. Jay S. Nedeau
167 Summer Street
Kennebunk, Maine 04043

Dear Sir:

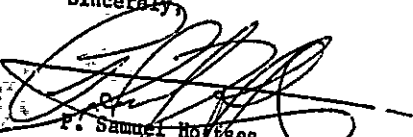

Your application to construct a 6' X 12' extension on the porch at 67 Codman Street has been reviewed and a building permit is herewith issued subject to the following requirements:

1. The foundation is concrete block, 4' below grade;
2. The joists will be 2" X 8" - 16" o.c.;
3. The rafters will be 2" X 6" - 16" o.c.;
4. Header size same as before 4" X 8";
5. Ventilation of crawl space shall be provided with a sufficient number of ventilating openings through foundation wall or exterior wall to insure ample ventilation, and such openings shall be covered with a corrosion-resistant wire mesh not greater than one half (1/2) inch or less than one fourth (1/4) inch in any dimension. The minimum net area of ventilation openings shall be not less than one (1) square foot for each one hundred fifty (150) square feet of crawl space area; and,

6. Please call this office for a foundation inspection.

If you have any questions on these requirements, please call this office.

Sincerely,

F. Samuel Hoffes
