Description: A laundrette clothes dryer stored beside garage

NOTES: Clothes dryer is covered with some kind of a green material. Mrs. Shelling  
says the dryer does not belong to her husband. It has been sold to a party outside  
the city and will be moved as soon as a laundrette has been completed possibly in  
two months. BMT

Mr. Louis Shelling  
51 Bay View Drive

Dear Mr. Shelling:

You no doubt will recall my letter to you last fall about a violation of the Zoning Ordinance involving storage on your property of a piece of laundry equipment, following receipt of which you came to this office and promised to have it removed within about two months. We now find that, in spite of your promise, it still has not been removed. It is therefore necessary that you proceed to correct this violation without further delay. Failure to do so before April 15, 1961 will make it necessary for me to report the violation to the Corporation Counsel for the taking of whatever legal action he may deem advisable.

Very truly yours,

AJS/3g

Dear Mr. Shelling:

An inspector from this department reports that a piece of machinery to be used in a launderette is being stored beside the garage attached to your dwelling at the above location. Since your property is located in an R-3 Residence Zone, such a use of premises is not allowable under the Zoning Ordinance and therefore it is necessary that it be removed. Now that this matter has been called to your attention, will you not take steps at once to correct this violation of the Zoning Ordinance so that further action by this department may not become necessary?

Very truly yours ,

Albert J. Sears

Copy to: Mr. Louis Shelling,  
51 Bay View Drive

Dear Mr. Kirk:

Building permit for enlargement of existing recreation room in the basement of the dwelling house at 51 Bay View Drive, by taking into the existing room area in the basement not now finished off, is issued herewith. Before any wallboard or plywood is applied to partitions or ceiling, notification is to be given this department for an inspection when, if firestopping and construction meets Building Code requirements, authorization to "close-in" will be given on a green tag left at the job. If any new electric wiring is to be involved in the area to be finished off, it is necessary that it shall be approved by the electrical inspector before we can give permission to apply wallboard or plywood.

Very truly yours,
