Description: Man said that there is a beer truck, (back of truck) being used as a storage shed. No permits for any ~~type~~ type of storage shed in file. Would like it checked out. Truck is parked in driveway of dwelling.

NOTES:

11-6-80 There is a truck body (self contained) - metal - that is sitting on the ground behind the house, in the driveway (in front of the garage) - NO AXLES - NO motor or engine attached - I'm not sure whether this needs a permit or whether it is a violation

11-12-80 See "letter" from owner - removed truck body -

RE: 6 Clinton Street

Mr. Ridlon:

It has been noted that a truck body in your driveway is being used for storage. This office has determined that a permit is required for its continued use.

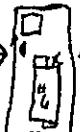

At time of application, we will need a plot plan showing the distances of the structure from the lot lines.

If you have any questions regarding this matter, do not hesitate to contact this office.

Very truly yours,
