AP 53-57 Berkeley St.

April 24, 1952

Mr. L. C. Weeks,
5 Johnson Street,
Portland, Maine

CC: Mr. Paul E. Merrill
41 Berkeley Street

Dear Mr. Weeks:

Building permit for construction of a single family dwelling 26'x34' with attached garage on the lot at 53-57 Berkeley Street, corner of Amherst Street is issued herewith based upon the plans filed with the application for permit, but subject to the following conditions:

1. Because the building is two stories high, the 4x6 corner posts are required to extend in one length from the sill to the plates supporting the rafters, with lapped splices at least 18" long allowed.
2. The studs in the outside walls are required to extend down to the 4x6 sills in the first story and the double 2x4 girts in the second story.
3. It is not clear what the foundation for the front entrance platform is to be, but presumably it is to be of masonry extending at least 4' below grade. If construction of the side entrance porch is not to be similar, it should be born in mind that any foundations are required to extend at least four feet below grade and, if platform is framed of wood, that sills are required to be at least 4x6, all one piece in cross section, with the floor timbers supported on top of them or notched over no less than 2x3 nailing strips spiked to the sides of them.

Very truly yours,

Warren McDonald
Inspector of Buildings

AJS/H

DESCRIPTION OF LOT OF LAND AT THE SOUTHERLY INTERSECTION
OF BERKELEY AND AMHERST STREETS.

A certain lot or parcel of land located at the intersection of Berkeley and Amherst Streets, being on the southeasterly side of Berkeley and the southwesterly side of Amherst, in the Woodford section of the City of Portland, County of Cumberland and State of Maine, bounded and described as follows:

Beginning at a stake located at the intersection of the southwesterly side line of Amherst Street with the southeasterly side line of Berkeley Street; thence southeasterly along said Amherst Street 128.0 feet to a stake; thence southwesterly along land of Earle L. Sanborn and at right angles to Amherst Street, 95.15 feet to a stake; thence northwesterly by land of grantor, and at right angles to Berkeley Street, 134.75 feet to a stake on the southeasterly side line of said Berkeley Street; thence northeasterly along said Berkeley St. 90.0 feet to point of beginning, and containing 12,164 square feet, more or less.

The above described property is a portion of the real estate conveyed to me by _____, on (date) _____, which is recorded in Book _____, Page _____, Cumberland County Registry of Deeds, and a portion of the real estate conveyed to me by the Scott heirs, on (date) _____, which is recorded in Book _____, Page _____, Cumberland County Registry of Deeds, and all of the small parcel of land conveyed to me by Earle L. Sanborn on (date) _____, which is recorded in Book _____, Page _____, Cumberland County Registry of Deeds.

AP 59 Berkeley Street

April 10, 1952

Mr. L. C. Weeks,
5 Johnson Street,
Portland, Maine

c.c. Mr. Paul E. Merrill,
41 Berksley Street

Dear Mr. Weeks:-

In checking your application for a permit for construction of a dwelling and attached garage on the lot at 53-57 Berkeley Street, corner of Amherst Street, we find that, according to any records available, the lot is irregular in shape and only 58' deep on the side farthest from Amherst Street. We realize that Mr. Merrill owns the adjoining land and probably intends to add some of it to the lot in question, to provide a lot more regular in shape.

Since no location plan was filed with the application for permit, but front and side yard distances are shown in ink on the foundation plan, we cannot tell what you plan to do in this regard.

Therefore, it is necessary that, before we proceed further with checking of the application, you furnish a regular plot plan, indicating what is proposed.

Very truly yours,

Inspector of Buildings

AJS/G

STATEMENT ACCOMPANYING APPLICATION FOR BUILDING PERMIT

for dwelling and garage Date 4/7/52
at 59 Berkeley Street 53-57

1. In whose name is the title of the property now recorded? Paul E. Merrill
2. Are the boundaries of the property in the vicinity of the proposed work shown clearly on the ground, and how? stakes
3. Is the outline of the proposed work now staked out upon the ground? yes
If not, will you notify the Inspection Office when the work is staked out and before any of the work is commenced? _____
4. What is to be maximum projection or overhang of eaves or drip? _____
5. Do you assume full responsibility for the correctness of the location plan or statement of location filed with this application, and does it show the complete outline of the proposed work on the ground, including bay windows, porches and other projections? yes
6. Do you assume full responsibility for the correctness of all statements in the application concerning the size, design and use of the proposed building? yes
7. Do you understand that in case changes are proposed in the location of the work or in any of the details specified in the application that a revised plan and application must be submitted to this office before the changes are made? yes

Paul E. Merrill

WARNING !!!

THIS BUILDING PERMIT IS ISSUED
SUBJECT TO SPECIAL CONDITION:

THAT NO CONCRETE SHALL BE Poured IN FOUNDATION FORMS AND NO
LAYING OF UNIT MASONRY IN FOUNDATION WALLS SHALL BE STARTED UNTIL
NOTICE HAS BEEN GIVEN AT THE DEPARTMENT OF BUILDING INSPECTION OF
READINESS TO START ACTUAL MASONRY WORK, AND UNTIL RE-CHECK OF
LOCATION HAS BEEN MADE BY INSPECTOR.

* * *

Original markings of corners of lot and especially stakes on
street line set by Dept. of Public Works must be kept intact and
easily accessible for re-check-- not covered by excavated earth
or building materials. Otherwise the "go-ahead" cannot be given.
Dept. of Public Works cannot re-set their stakes.

Obviously the notice for re-check must be given at such a time
as to allow reasonable opportunity to make re-check.

Mr. Herbert W. Noyes
55 Berkley St.

Copy to: Mr. Noyes for the Contractor

Dear Mr. Noyes:-

Building permit for locating a small building one story high and 10 feet by 20 feet from outside the City on your lot at 55 Berkley St. is issued herewith subject to the following. If these conditions are not understood it would be well to contact this office before moving the building into the City.

--it is understood that there are no lot lines between the site of the proposed shed and your dwelling house -- in other words that they are both on the same identical lot.

--I understood you to say that a 10x10 sill or skid runs beneath each 20 foot side of the building, and that under each 10 foot end there are double 2x6 floor timbers to support the end walls. We have to reconcile these details with the requirement of the Building Code that there shall be beneath each exterior wall a sill no less than 4x6, all one piece of lumber in cross-section. If the 10x10's are to remain in place after the building is relocated and if there are actually doubled 2x6's under each end, we will accept that as being in compliance with Code requirements. If the above is not to be the case, please consult this office before moving the building.

--under the Zoning Ordinance the building is only allowable as a building commonly used as an accessory use to the dwelling on the same lot. This seems to be established since you explained that the building was to be used for storage of a rototiller, garden tools and other equipment commonly used in connection with a dwelling house.

Very truly yours,

Warren McDonald
Inspector of Buildings

INTER-OFFICE CORRESPONDENCE

CITY OF PORTLAND, MAINE
BUILDING INSPECTOR

To: Bryan O. Whitney, Deputy
Commissioner of Public Works

September 15, 1953

From: Warren McDonald
Inspector of Buildings

SUBJECT: moving building from outside City limits to 55 Berkeley St.

We have application for permit to move 1-story frame shed 10' x 20'
as above.

We are checking the proposition against Zoning Ordinance and Building
Code and will delay issuance of the permit until we hear from you that the
permit for moving through the streets is cleared sufficiently. When that
point is reached, will you be kind enough to write "OK to issue building permit"
on the bottom of this memorandum and return.

Warren McDonald

APPLICATION FOR SUBMETER

RECEIVED
JUN 20 1979

DEPARTMENT OF PUBLIC WORKS

For Sewer User Charge Adjustments

The undersigned hereby requests permission to install additional water meter(s) in accordance with Section 322.6C of the "Municipal Code of the City of Portland, Maine".

It is understood that all expenses related to the purchase, installation and maintenance of the meter(s) is to be borne by the applicant.

To be Completed by Applicant

Address where sub-meter is requested 55 BERKELEY STREET, PORTLAND, ME.

Property owner name WILLIAM W. WEEKS

Tax Map Reference (on Real Estate Tax Bill) 131-T-5

Property owner address SAME AS ABOVE

Person to be contacted to schedule inspections MARY E. WEEKS
Wm W WEEKS 723-3456
(Name and Telephone Number)

Portland Water District Acct. No. (on bill) D 33-2447

Billing Name & Address (on bill) 55 Berkeley St Portland, Maine

Location and size existing Portland Water District Service Meter

Basement (Right part) 5/8 meter

Proposed location and size of sub-meter Basement

Will a remote reading register be utilized? NO? YES (If yes, state location)

Basement

Description of proposed changes in plumbing required for submetering:

cut meter into ceiling (outside)

Sketch plan showing proposed changes in plumbing and the location of existing and proposed meters. Show water flow through submeter to non-charge equipment or location (use additional sheet of paper if necessary)

The volume of water to be submetered can be shown not to enter the sewerage system by virtue of its use for:

SWIMMING POOL (Primary)

CAR WASHING

LAWN & GARDEN

I certify the above information is true and correct:

Date

INSTRUCTIONS

First - The applicant is to complete front of this form. The Tax Map Reference can be found on your Real Estate Tax Bill directly following owners name and address in the center of your Property Tax Bill. Billing name and address should be copied from your Water & Sewer Bill as well as the Portland Water District Account Number which is in the lower left corner of the Water and Sewer Bill.

Second - Fill completed application form to:

City of Portland
Dept. of Public Works
438 City Hall
Portland, Maine 04101

ATTN: MR. WILLIAM GOODWIN

Third - The Public Works Department will call the person indicated on front side to schedule pre-installation inspection. During this inspection the Public Works section of this form (below) will be completed. Following this inspection Public Works will make copies of the application form. If the application is approved 3 copies will be made, one will be mailed to the Portland Water District, one will be forwarded to the City Plumbing Inspector and one will be mailed back to the Applicant. If the application is denied, one copy will be made and mailed to the applicant showing reason for denial.

Fourth - Upon receipt of a copy of the approved application, the applicant can purchase and install the sub-meter as approved. Following installation the applicant or his plumber must call the Chief Plumbing Inspector at 775-5451 Ext. 234 for an inspection of the completed installation. Following inspection by the Chief Plumbing Inspector, the Water District will be requested to seal the sub-meter and arrange to have an automatic reading system (if applicable - see General Information) instituted where by the volume shown by the submeter will be credited on the Sewer User Charges of the Bill.

GENERAL INFORMATION

Section 222.60 of the "Municipal Code of the City of Portland, Maine" reads as follows:

"Submetering of Water Volume. Any person who feels that recorded water records are not a reliable index of his discharge volume may install an additional water meter of a type approved by the Director to measure the volume of water which can be shown not to enter the sewerage system. The person installing such a meter shall immediately notify the Director of such installation and shall be responsible to the Director for reporting meter readings not less often than every three months. Such person shall be credited with the volume charges for the volume shown by such meter, which meter shall be accessible for reading by the City or its agents at all reasonable times."

The City and the District have arranged to relieve the customer from the reporting responsibility required above if both meters can be read simultaneously by the District Meter Readers during their regularly scheduled visits to read the pre-existing service meter. This can be accomplished by locating the sub-meter directly adjacent to the pre-existing service meter or by enclosing the sub-meter located elsewhere with a remote reading register located so both readings can be made at the same time.

Approved meters are, Neptune and Rockwell meters, conforming to the following specifications:

1. shall meet or exceed NPA accuracy test requirements and be accompanied by a certificate of test accuracy.
2. the meters will have straight reading, cubic foot registers.
3. the meters shall be stamped into the main case.
4. shall have either a magnetic drive.
5. shall have a rotating disc or oscillating piston.
6. shall have a bronze case.

Approved meters are available from the Water District, which sells them for the price the District buys them from the manufacturers. If you wish to purchase a sub-meter from the District you must bring your copy of an approved application with you at time of purchase.

TO BE COMPLETED BY PUBLIC WORKS

Pre-installation inspection by William B. Goodwin
on June 20, 1979

Automatic reading system requested YES NO

A Back Flow Preventer or equal shall be installed Back Flow Prevention Discussed

Application Approved Denied

Comments Would like 2 outside sillcocks metered.
IF to costly with cut in submeter to back
one only.

TO BE COMPLETE BY THE PLUMBING INSPECTOR

An inspection of the completed installation of the submetering system approved on this application was conducted on 4-27-83 by Ernold R. Goodwin, Chief Plumbing Inspector of the City of Portland.

The submetering system was installed as approved.

No cross connections were found.

The installation is approved dis-approved

Ernold Goodwin
