Subject: Rebuilding of 2 car frame garage 20°120° at 34 Alb. Street

Mr. Chester Lopez, 34 Alba Street, Portland, Maine

Dear Sir:

Last April you made application for a permit for demolishing a 2 car frame garage and constructing a 2 car frame garage 20 x20 .

Since the location has never been staked cut on the lot for us to check, as we are required to do by law, we have not been able to issue the permit. If you still plan to do this work and will stake the garage cut and notify us when location is ready for checking, we will endeavor to take what stops are necessary on our part toward issuance of the permit. However, if you are not going to do the work as above and will return the receipt for the fee paid to this office, your money will be refunded by youcher.

Very truly yours,

Inspector of Buildings
