Dear Mrs. Gordon,

Your property has been surveyed by the Portland Housing Division and has met Minimum Code Standards. Congratulations are extended to you for the general condition of your property. Many people in the area are making improvements in their property even though they meet the requirements of ordinance relating to housing conditions. Good maintenance is the best way to preserve the useful life of your property and neighborhood.

Other services are available through the site office for further improvements to your property. Should you want advice on landscaping, structural changes, plans, and financing, please call 773-1773 or 773-1774.

If we can be of further help, please feel free to call on us. Thank you for your interest in the program and your cooperation in making Deering Center a more beautiful residential area.

Sincerely yours,

William M. Dow
