- Contracting of Section 1

Memorandum from Department of Building Inspection, Portland, Maine

25 Bryant Street-Construction of one-car frame garage for and by Marbert C. Leavitt-12/2/47

No spacing of the 4" pipe columns is given in application, but there should be no less than four under each side sill with the 4x6 sill set on edge. Of course a concrete footing or large stone will be needed at the bottom of these pipes and a metal plate at the top to prevent their crushing up into the sill. To prevent frost action these pipes should extend at least 4" below the finished grade of ground.

Ties are required at plate line to prevent walls from spreading.

Gleynn E. & Sandra L. Brooks, Jr. 25 Bryant Street Portland, Maine 04103

Dear Mr. & Mrs. Brooks Re: 25 Bryant Street, Portland, Maine NCP-Oakdale 138-B-2

The Housing Inspections Division of the Department of Neighborhood Conservation has recently completed an exterior inspection of your property in conjunction with the above referred program.

Congratulations are extended to you for the general condition of your property which was found to meet the standards established by the City's Housing Code.

Good maintenance is the best way to protect the value of your property and neighborhood.

Please feel free to call on us if we can be of assistance to you.

Sincerely yours, Joseph E. Gray, Jr., Director Neighborhood Conservation

Lyle . Noyes, Chief of Housing Inspections

Inspector G. Bartlett
