Use of Building Dwelling & 2-car garage

Owner's name and address Geo. Reichert

Telephone 773-9806

Tenant's name and address -same-

Telephone _____

Complainant's name and address not given
(wishes to remain anonymous)

Telephone (772-

Description:

Green house & 2-car garage....the garage being used for car repair and repainting (recently a Hood's truck) and a car "For Sale" parked at rear. Neighbor is concerned about fire hazard (spray-paint, etc.) and commercial activity; another neighbor had reported, no results.

6-2-77 There is no validity to the complaint. Owner works on his own cars. He did do a favor for a friend when he hired a Hood's truck. But he is not in business. He also does wood working with a power saw in the garage for his own house (no business there either). The only spray painting he did recently was on porch railings & other home improvements - Owner was notified that any business in a residential zone is not allowed.

CITY OF PORTLAND, MAINE
BUILDING AND INSPECTION SERVICES

DATE August 30, 1976

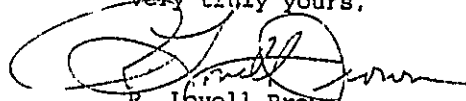

TO: George Reichart
52 Carlyle Rd.

With relation to permit applied for to demolish -A garage-
at 52 Carlyle Rd. belonging to George Reichart
at 52 Carlyle Rd., it is unlawful to
commence demolition work until a permit has been issued from this
department.

Section 6 of the Ordinance for rodent and vermin control
provides, "It shall be unlawful to demolish a building or structure
unless a provision is made for rodent and vermin eradication. No
permit for a demolition of a building or structure shall be issued
by the Building and Inspection Services Department until and
unless provisions for rodent and vermin eradication have been
carried out under supervision of a pest control operator registered
with the Health Department."

The building permit for demolition cannot be issued until the
provisions of this section have been satisfied. It is the
obligation of owner or demolition contractor or both to take up
with the Health Department the matter of complying with this
section, being prepared to inform that department what registered
pest control operator is to be employed.

Very truly yours,

R. Lovell Brown
Director

Dear Mr. Morrell:

Upon inspection of the above job on April 8, 1970
the following omissions were found:

1. Conduit on green field shall be used in
electrical supply line.
2. Instruction card should be permanently posted
near the assembly.

It is important that correction of these conditions be
made before April 23, 1970 and notification be given this
office of readiness for another inspection.

If additional information relative to the above is desired,
please phone Inspector Malcolm Ward at 774-8221, extension 234,
any weekday but Saturday between 8:00 and 9:00 A. M.

Very truly yours,

Malcolm Ward

INSPECTION COPY

57-52
File: Rcpt. 3175B-I

April 26, 1937

Mr. Abraham Nilsen,
63 Wallington Road,
Portland, Maine

Dear Sir:

Enclosed is the permit covering alterations to the rear piazza of
Fred G. Thompson at 52 Carlyle Road.

In the application you say that the rise of the new roof will be
six inches to the foot. There is no rule against making this shed roof as
steep as that but I am wondering if it is actually to be as steep as that or
if you have perhaps misunderstood the question in the applicatic... The size
of the rafters as a relation to this rise. If it should turn out that this
six inches to the foot is not correct and if the rise is to be less than
4½ inches to the foot than the 2x4 rafters are not heavy enough but should
be made 2x6. In event 2x6's are used they may be spaced 24 inches from
center to center.

Please be governed accordingly.

Very truly yours,

McD/H

Inspector of Buildings
