Memorandum from Department of Building Inspection, Portland, Maine

75-75 Carlyle Road—Dwelling and Garage for Clifford L. Swan Co., Inc. ---12/30/41

To Owner:

You are warned of the likelihood of damage to masonry on account of freezing weather unless adequate protection is provided all around until all danger of freezing is past. Each season a number of foundations are needlessly damaged, purely because of neglect of necessary well known precautions either as to treating materials while placing, adequate protection while curing, and maintaining protection both inside and outside of walls and at all trenches until all danger of freezing is past.
