The Fels Company 48 Union Street Portland, Maine

Centlemen:

Explosed is the building permit covering installation of steam heating plant for Westbrock Seminary at 716 Stevens avenue.

It is noted upon ther application for the permit that there will be wood or other combustible material two feet from the sides or back of the heater. In such a case, the Building Code requires that woodwork or other arabustible material closer to the sides or back of the heater than three feet must be protected by a metal covering and this dirtance is never to be less than two feet.

Please be governed accordingly.

Very truly yours,

Inspector of Buildings.
