Dear Sir,

Your application, for a building permit to construct a 20' X 70' addition to 1139 Forest Avenue is being issued with the following requirement.

1. Your plan doesn't show a foundation, I am under the impression it will be a frost wall back filled both sides, therefore a footing at less 4' below grade with a 8" foundation will be required.

If you have any questions or if this is not your intent please call this office.

Sincerely,

P. Samuel Hoffses,  
Chief of Inspection Services
