May 24, 1954

Owner--^oBenson & Grant
28 Vannah Ave.

Contr.--Benson & Grant

Plan Maker--^cWm. B. Millward
48 Fossenden St.

Permit for above work is issued herewith based on application for permit and plan filed therewith, but subject to the following conditions:

--size of girder extending from fire place to rear foundation wall is not clearly indicated on the plans, but no less than a 6x10 is required to care for the loads involved. If permit is issued on the basis that such will be used.

--the 6x8 girders where indicated will need to be of full size spruce or hemlock lumber in order to figure out.

--while the plans indicate that there is to be a door opening into the garage from the side entrance hall, the application states that there is to be no opening in this wall. The permit is therefore issued on the basis of the statement in the application, but if an opening is to be provided after all, an amendment to this permit is to be filed to that effect and information furnished as to the type of door to be installed in the opening.

APPLICATION FOR SUBMETER

Thurs. 9:30

RECEIVED

JUN 2 1981

DEPARTMENT OF PUBLIC WORKS

For Sewer User Charge Adjustments

The undersigned hereby requests permission to install additional water meter(s) in accordance with Section 322.6C of the "Municipal Code of the City of Portland, Maine".

It is understood that all expenses related to the purchase, installation and maintenance of the meter(s) is to be borne by the applicant.

To be Completed by Applicant

Address where sub-meter is requested 55 BROOKSIDE ROAD, PORTLAND
Property owner name ARTHUR A. FINK
Tax Map Reference (on Real Estate Tax Bill) 158-A-13
Property owner address 55 BROOKSIDE RD, PORTLAND
Person to be contacted to schedule inspections ARTHUR A. FINK - 772-8686
(Name and phone number)

Portland Water District Acct. No. (on bill) D-60-D204

Billing Name & Address (on bill) ARTHUR FINK
55 BROOKSIDE RD, PORTLAND, ME.

Location and size existing Portland Water District Service Meter 5/8" Ø
FRONT OF BASEMENT

Proposed location and size of sub-meter SAME AS OTHER METER
IF CONVENIENT 5/8" Ø

Will a remote reading register be utilized? NO YES (If yes, state location FRONT-OUTSIDE OF HOUSE - PWD to change their meter to remote outside)

Description of proposed changes in plumbing required for submetering:

Running new piping from back of basement to front of basement to connect rear two faucets to front one

The volume of water to be submetered can be shown not to enter the sewerage system by virtue of its use for:

Watering both front and back lawns

Sketch plan showing proposed changes in plumbing and the location of existing and proposed meters. Show water flow through submeter to non-discharge equipment or location (use additional sheet of paper if necessary)

I certify the above information is true and correct:

INSTRUCTIONS

First - The applicant is to complete front of this form. The Tax Map Reference can be found on your Real Estate Tax Bill directly following owners name and address in the center of your Property Tax Bill. Billing name and address should be copied from your Water & Sewer Bill as well as the Portland Water District Account Number which is in the lower left corner of the Water and Sewer Bill.

Second - Mail completed application form to:

City of Portland
Dept. of Public Works
406 City Hall
Portland, Maine 04103

ATTN: MR. WILLIAM GOODWIN

Third - The Public Works Department will call the person indicated on front side to schedule pre-installation inspection. During this inspection the Public Works section of this form (below) will be completed. Following this inspection Public Works will make copies of the application form. If the application is approved 3 copies will be made, one will be mailed to the Portland Water District, one will be forwarded to the City Planning Inspector and one will be mailed back to the Applicant. If the application is denied, one copy will be made and mailed to the applicant showing reason for denial.

Fourth - Upon receipt of a copy of the approved application, the applicant can purchase and install the sub-meter as approved. Following installation the applicant or his plumber must call the Chief Plumbing Inspector at 775-5451 Ext. 606 for an inspection of the completed installation. Following inspection by the Chief Plumbing Inspector, the Water District will be requested to seal the sub-meter and arrange to have an automatic reading system (if applicable - See General Information) installed where by the volume shown by the submeter will be credited on the Sewer User Charges of the Bill.

353

GENERAL INFORMATION

Section 22.6C of the "Municipal Code of the City of Portland, Maine" reads as follows:

"Submetering of Water Volume. Any person who feels that recorded water records are not a reliable index of his discharge volume may install an additional water meter of a type approved by the Director to measure the volume of water which can be shown not to enter the sewerage system. The person installing such a meter shall immediately notify the Director of such installation and shall be responsible to the Director for reporting meter readings not less often than every three months. Such person shall be credited with the volume charges for the volume shown by such meter, which meter shall be accessible for reading by the City or its agents at all reasonable times."

The City and the District have arranged to relieve the customer from the reporting responsibility required above if both meters can be read simultaneously by the District Meter Readers during their regularly scheduled visits to read the pre-existing service meter. This can be accomplished by locating the sub-meter directly adjacent to the pre-existing service meter or by equipping the sub-meter located elsewhere with a remote reading register located so both readings can be made at the same time.

Approved meters are: Neptune and Rockwell meters, conforming to the following specifications:

1. shall meet or exceed ANSI accuracy test requirements and be accompanied by a certificate of test accuracy.
2. the meters will have straight reading, cubic foot registers.
3. the meters will have the meter number stamped into the main case.
4. the meters shall have magnetic drive.
5. shall have either a rotating disc or oscillating piston.
6. shall have a bronze case.

Approved meters are available from the Water District, which sells them for the price the District buys them from the manufacturers. If you wish to purchase a sub-meter from the District you must bring your copy of an approved application with you at time of purchase.

TO BE COMPLETED BY PUBLIC WORKS

Pre-installation inspection by Norman Twaddel

on June 4, 1981

Automatic reading system requested YES NO

A Watts #9 Back Flow Preventer or equal shall be installed in line with submeter.

Application Approved Denied

Comments _____

TO BE COMPLETED BY THE PLUMBING INSPECTOR

An inspection of the completed installation of the submetering system approved on this application was conducted on 6/7/81 by Ernie R. Goodwin, Chief Plumbing Inspector of the City of Portland.

- The submetering system was installed as approved.
 No cross connections were found.

The installation is approved dis-approved

- This permit application does not preclude the Applicant(s) from meeting applicable State and Federal rules
- Building permits do not include plumbing, septic or electrical work.
- Building permits are void if work is not started within six (6) months of the date of issuance. False information may invalidate a building permit and stop all work.

CERTIFICATION

I hereby certify that I am the owner of record of the named property, or that the proposed work is authorized by the owner of record and that I have been authorized by the owner to make this application as I am authorized agent and I agree to conform to all applicable laws of this jurisdiction. In addition, if a permit for work described in the application is issued, I certify that the code official's authorized representative shall have the authority to enter all areas covered by such permit at any reasonable hour to enforce the provisions of the code(s) applicable to such permit
