DEPARTMENT OF BUILDING INSPECTION

Original Permit No. 24/1104
Amendment No. 1

PERMIT ISSUED

AMENDMENT TO APPLICATION FOR PERMIT OCT 2 1933

Portland, Maine, October 2, 1933

To the INSPECTOR OF BUILDINGS, PORTLAND, ME.

The undersigned hereby applies for an amendment to Permit No. EE/1104 pertaining to the building or structure comprised in the original application in accordance with the Laws of the State of Maine, the Building Code of the City of Portland, plans and specifications, if any, submitted herewith, and the following specifications:

Location: 562-52 Washington Avenue (Ward 2) With the Fire Limits Dist. No.

Owner's or Erector's name and address: Harry Williams, 562 Washington Ave.

Contractor's name and address: Roman Rodrique, 120 Free St.

Plans filed as part of this Amendment: 2 No. of sheets

Description of Proposed Work

To re-erect non-leaving partitions and doors so as to make five (5) rooms and bath on the second floor instead of four rooms and bath at present

Harry Williams

Signature of Owner Roman Rodrique

88/1104-I

August 13, 1937

Mr. Harry Williams
22 Keith Street
Portland, Maine

Dear Sir:

In relation to alterations which are being made in your building at 850 Washington Avenue, I have visited the building as you requested, and I find that the supports of the roof over the one story rear part undoubtedly require strengthening and furthermore that the first floor of the main building requires strengthening by way of additional girders and posts in places that it will be necessary for you to remove enough of the ceiling below or the floor above to see what the construction is and why there is such a marked sag in the second floor, especially in the back part of the main building.

As authorized and directed by Section 11 of the Building Code, copy attached, I am compelled to direct that you have the girders under the roof of the rear portion strengthened so as to be capable of maintaining a live load of 40 lbs. per square foot over the entire area of the roof; that you have the first floor of the main building strengthened by way of new girders and posts so that these girders and posts will be capable of sustaining a live load of 75 lbs. per square foot over the entire floor; and that you have the supports of the second floor strengthened so that there will be absolutely no doubt as to its safety.

With regard to the supports of the roof in the rear one story portion, it is undoubtedly necessary to use a steel beam over the place where the oven will stand. You are the best judge as to what arrangement of posts are necessary so that you can operate the oven to advantage. In order to eliminate any post close to the oven, it may be necessary to use steel under the balance of this one story roof.

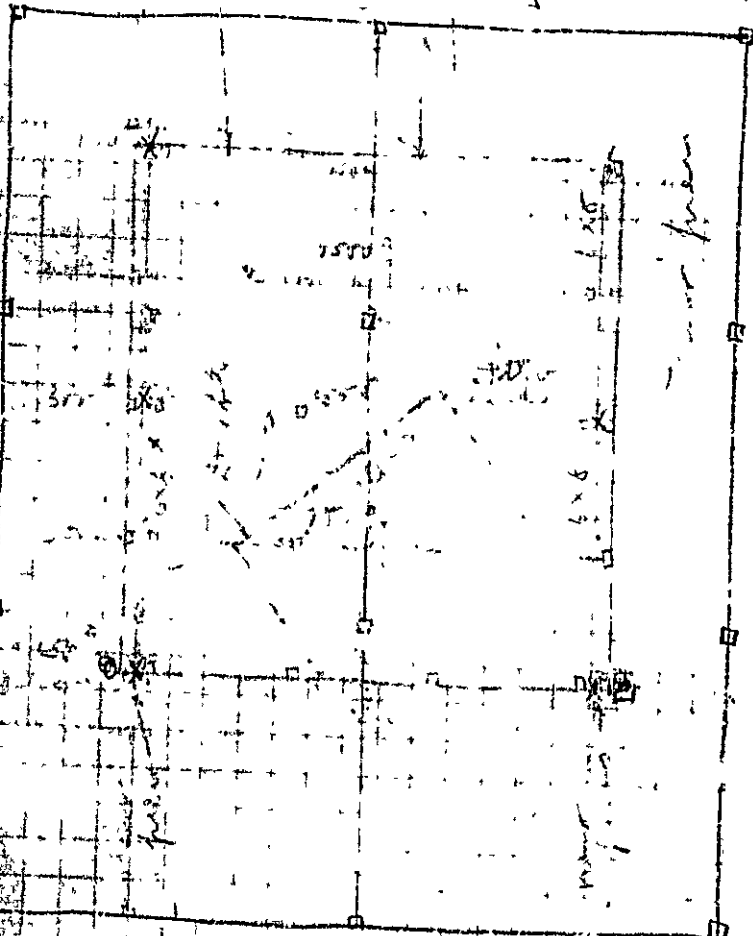

As regards the floor in the second story, it is impossible to tell the condition until either the sheathing below or the flooring above is removed. I would suggest that you employ some person capable of designing all of this strengthening, as you are fully aware that this office is not permitted to do that sort of work.

Very truly yours,

Inspector of Buildings.

Proposed use of building bakery and dwelling No. families 1
Other buildings on same lot _____
Plans filed as part of this application? yes No. of sheets 1
Estimated cost \$ 700 Fee \$ 1.00

Description of Present Building to be Altered

Material wood No. stories 2-1 Heat hot air Style of roof _____ Roofing _____
Last use bakery and dwelling No. families 1

General Description of New Work

To raise and strengthen the floor of existing rear one story portion to surmount proposed bake oven as indicated on sketch attached;
To build outside brick chimney with tile lining - the brick work of the chimney is to be double so as to pass through the outside wall of the building at the point where the smoke pipe enters so as to obviate the need of carrying the smoke pipe through the outside wall.
To adjust non-bearing partitions in first story.
To remove existing rear stairs between first and second story, including existing post of stair way, adequate stairs to be introduced to take the place of the post, and to build new stairs between first floor and basement.
To construct 6x10 platform on the west side of building, rear, no roof, enlarging door to reach this platform.
It is understood that this permit does not include installation of heating apparatus which is to be taken out separately by and in the name of the heating contractor.

Details of New Work:

Mathews Bakery
550 Washington Avenue
Portland, Maine 04103

Gentlemen:

This is in reference to your application for a 3 foot by 15 foot sign for your bakery (Botto's) at 550 Washington Avenue in the R-5 Residence Zone. We understand that you have applied for a change of zone through the City Planning Board and that a hearing will be held by that Board on November 15, 1988 to consider this zone change application.

However, the present zone in which your bakery is located does not permit approval of your sign application because the overall limit for signs in the R-5 Residence Zone is 15 square feet. This limit can not be exceeded without a variance granted by the Board of Zoning Appeals.

Sincerely,

Warren J. Turner

WRITTEN CONSENT AND AGREEMENT RELATING TO A CERTAIN SIGN PROPOSED TO BE
ERECTED ON A BUILDING AT 550 WASHINGTON AVE
IN PORTLAND, MAINE EVERETT MATHEWS being the owner of the premises
at STONE in Portland, Maine hereby gives consent to the
erection of a certain sign owned by CAROLYN NIKSEN over the
public sidewalk or on the building from said premises as described in
application to the Division of Inspection Services of Portland, Maine for a
permit to cover erection of said sign:

And in consideration of the issuance of said permit EVERETT MATHEWS,
owner of said premises, in event said sign shall cease to serve the purpose
for which it was erected or shall become dangerous and in event the owner of
said sign shall fail to remove said sign or make it permanently safe in case
the sign still serves the purpose for which it was erected, hereby agrees
for himself or itself, for his heirs, its successors, and his or its
assigns, to completely remove said sign within ten days of notice from said
Inspector of Buildings that said sign is in such condition and of order from
him to remove it.

In Witness whereof, the owner of said premises has signed this consent and
agreement this 25 day of April 1991.

APPLICATION FOR SUBMETER

For Sewer User Charge Adjustments

The undersigned hereby requests permission to install additional water meter(s) in accordance with Section 322.6C of the "Municipal Code of the City of Portland, Maine".

It is understood that all expenses related to the purchase, installation and maintenance of the meter(s) is to be borne by the applicant.

To be Completed by Applicant

Address where sub-meter is requested 550 Washington Ave

Property owner name Joseph Botto

Tax Map Reference (on Real Estate Tax Bill) 166-F-4 - 5180 SF

Property owner address Joseph, 34 Francis St

Person to be contacted to schedule inspections Joseph Botto - 7739647
(Name and Telephone Number)

Portland Water District Acct. No. (on bill) D-4-12031

Billing Name & Address (on bill) Botto's Bakery
550 Washington Ave

Location and size existing Portland Water District Service Meter 5/8" Trident
In the cellar near furnace

Proposed location and size of sub-meter Main floor 5/8" Ø
on line near sink and bathroom

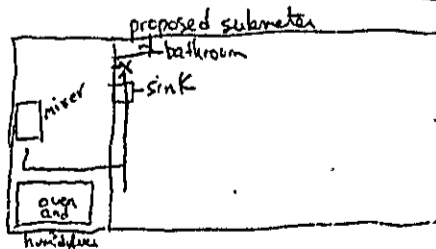

Will a remote reading register be utilized? NO YES (If yes, state location _____)

Description of proposed changes in plumbing required for submetering:

Sketch plan showing proposed changes in plumbing and the location of existing and proposed meters. Show water flow through submeter to non-discharge equipment or location (use additional sheet of paper if necessary)

The volume of water to be submetered can be shown not to enter the sewerage system by virtue of its use for:

Botto's Bakery
dough for
Bakery products

I certify the above information is true and correct:

Date

INSTRUCTIONS

- First - The applicant is to complete front of this form. Do Tax Map Reference can be found on your Real Estate Tax Bill directly following owners name and address in the center of your Property Tax Bill. Billing name and address should be copied from your Water & Sewer Bill as well as the Portland Water District Account Number which is in the lower left corner of the Water and Sewer Bill.
- Second - Mail completed application form to:
 City of Portland
 Dept. of Public Works
 428 City Hall
 Portland, Maine 04101
 ATTN: PR. WILLIAM GOODWIN
- Third - The Public Works Department will call the person indicated on front side to schedule pre-installation inspection. During this inspection the Public Works section of this form (below) will be completed. Following this inspection Public Works will make copies of the application form. If the application is approved 3 copies will be made, one will be mailed to the Portland Water District, one will be forwarded to the City Planning Department and one will be mailed back to the Applicant. If the application is denied, one copy will be made and mailed to the applicant showing reason for denial.
- Fourth - Upon receipt of a copy of the approved application, the applicant can purchase and install the sub-meter as approved. Following installation the applicant or his plumber must call the Chief Plumbing Inspector at 775-5451 Ext. 234 for an inspection of the completed installation. Following inspection by the Chief Plumbing Inspector, the Water District will be requested to read the sub-meter and arrange to have an automatic reading system (if applicable - See General Information) instituted where by the volume shown by the sub-meter will be credited on the Sewer User Charges of the Bill.

GENERAL INFORMATION

Section 322.66 of the "Municipal Code of the City of Portland, Maine" reads as follows:

"Submetering of Water Meters. Any person who feels that recorded water records are not a reliable index of his discharge volume may install an additional water meter of a type approved by the Director to measure the volume of water which can be shown not to enter the sewerage system. The person installing such a meter shall immediately notify the Director of such installation and shall be responsible to the Director for reporting meter readings not less often than every three months. Such person shall be credited with the volume charges for the volume shown by such meter, which meter shall be accessible for reading by the City or its agents at all reasonable times."

The City and the District have arranged to relieve the customer from the reporting responsibility required above if both meters can be read simultaneously by the District meter readers during their regularly scheduled visits to read the pre-existing service meter. This can be accomplished by locating the sub-meter directly adjacent to the pre-existing service meter or by equipping the sub-meter location elsewhere with a remote reading register located on both readings can be made at the same time.

Approved meters are, Neptune and Rochwell meters, conforming to the following specifications:

1. shall meet or exceed ANSI accuracy test requirements and be accompanied by a certificate of test accuracy.
2. the meters will have straight reading, cubic foot registers.
3. the meters will have U. S. meter number stamped into the main case.
4. the meters shall be magnetic drive.
5. shall have either a rotating disc or oscillating piston.
6. shall have a bronze case.

Approved meters are available from the Water District, which sells them for price the District pays them from the manufacturers. If you wish to purchase a sub-meter from the District you must bring your copy of an approved application with you at time of purchase.

TO BE COMPLETED BY PUBLIC WORKS

Pre-installation inspection by NORMAN TWADDEL
 on FEBRUARY 20, 1980

Automatic reading system requested YES NO

A Watts # 9 in line Back Flow Preventer or equal shall be installed in line

Application Approved Denied

Comments _____

TO BE COMPLETED BY THE PLUMBING INSPECTOR

An inspection of the completed installation of the submetering system approved on this application was conducted on 3/16/80 by Ernold R. Goodwin, Chief Plumbing Inspector of the City of Portland.

The submetering system was installed as approved.

No cross connections were found.

The installation is approved dis-approved
