Subject: Installation of two gravity hot  
water heating systems to the same flue  
at 113 Stevens Avenue

Dear Sir:

Permit for the installation of two gravity hot water heating systems is issued herewith subject to the following condition:

That owner will have to assume the responsibility for the two connections to the same flue and provide other means of venting additional furnaces, should this 8x12" flue prove inadequate. Under Section 602-a-2 of the Building Code, not more than one heating furnace or boiler shall be connected to a single flue; or more than one additional connection to any flue to which any heating furnace or boiler is connected or to be connected, unless in such cases additional connections are specifically permitted by the Inspector.

Very truly yours,
