APPLICATION FOR SUBMETER

RECEIVED

SEP 10 1980

PUBLIC WORKS ENGINEERING

For Sewer User Charge Adjustments

3:30

The undersigned hereby requests permission to install additional water meter(s) in accordance with Section 322.6C of the "Municipal Code of the City of Portland, Maine".

It is understood that all expenses related to the purchase, installation and maintenance of the meter(s) is to be borne by the applicant.

To be Completed by Applicant

Address where sub-meter is requested 15 Bartlett St. City

Property owner name Stephen Goodman

Tax Map Reference (on Real Estate Tax Bill) 179-D-17

Property owner address Same

Person to be contacted to schedule inspections Paul Goodman 772-1328
(Name and Telephone Number)

Portland Water District Acct. No. (on bill) D-36-D3417

Billing Name & Address (on bill) Stephen Goodman
15 Bartlett St

Location and size existing Portland Water District Service Meter 5/8" ϕ basement front left

Proposed location and size of sub-meter 5/8" ϕ basement front right

Will a remote reading register be utilized? NO YES (If yes, state location outside by existing remote register)

Description of proposed changes in plumbing required for submetering:

cut in submeter in line to
outside sillcock after stop
valve

The volume of water to be submetered can be shown not to enter the sewerage system by virtue of its use for:

lawn, gardens, shrubs,
washing cars

Sketch plan showing proposed changes in plumbing and the location of existing and proposed meters. Show water flow through submeter to non-discharge equipment or location (use additional sheet of paper if necessary)

I certify the above information is true and correct:

Paul Goodman

INSTRUCTIONS

First - The applicant is to complete front of this form. The Tax Map Reference can be found on your Real Estate Tax Bill directly following owners name and address in the center of your Property Tax Bill. Billing name and address should be copied from your Water & Sewer Bill as well as the Portland Water District Account Number which is in the lower left corner of the Water and Sewer Bill.

Second - Mail completed application form to:

City of Portland
Dept. of Public Works
408 City Hall
Portland, Maine 04113

ATTN: MR. WILLIAM GOODWIN

Third - The Public Works Department will call the person indicated on front side to schedule pre-installation inspection. During this inspection the Public Works section of this form (below) will be completed. Following this inspection Public Works will make copies of the application form. If the application is approved 3 copies will be made, one will be mailed to the Portland Water District, one will be forwarded to the City Plumbing Inspector and one will be mailed back to the Applicant. If the application is denied, one copy will be made and mailed to the applicant showing reason for denial.

Fourth - Upon receipt of a copy of the approved application, the applicant can purchase and install the sub-meter as approved. Following installation the applicant or his plumber must call the Chief Plumbing Inspector at 775-5451 Ext. 804 for an inspection of the completed installation. Following inspection by the Chief Plumbing Inspector, the Water District will be requested to seal the sub-meter and arrange to have an automatic reading system (if applicable - See General Information) instituted where by the volume shown by the sub-meter will be credited on the Sewer User Charges of the Bill.

353

GENERAL INFORMATION

Section 222.6C of the "Municipal Code of the City of Portland, Maine" reads as follows:

"Submetering of Water Volume. Any person who feels that recorded water records are not a reliable index of his discharge volume may install an additional water meter of a type approved by the Director to measure the volume of water which can be shown not to enter the sewerage system. The person installing such a meter shall immediately notify the Director of such installation and shall be responsible to the Director for reporting meter readings not less often than every three months. Such person shall be credited with the volume charged for the volume shown by such meter, which meter shall be accessible for reading by the City or its agents at all reasonable times."

The City and the District have arranged to relieve the customer from the reporting responsibility required above if both meters can be read simultaneously by the District Meter Readers during their regularly scheduled visits to read the pre-existing service meter. This can be accomplished by locating the sub-meter directly adjacent to the pre-existing service meter or by equipping the sub-meter located elsewhere with a remote reading register located so both readings can be made at the same time.

Approved meters are, Rapture and Rockwell meters, conforming to the following specifications:

1. shall meet or exceed ANSI accuracy test requirements and be accompanied by a certificate of test accuracy.
2. the meters will have straight reading, cubic foot registers.
3. the meters will have the meter number stamped into the main case.
4. the meters shall be magnetic drive.
5. shall have either a rotating disc or oscillating piston.
6. shall have a bronze case.

Approved meters are available from the Water District, which sells them for the price the District pays them from the manufacturers. If you wish to purchase a sub-meter from the District you must bring your copy of an approved application with you at time of purchase.

TO BE COMPLETED BY PUBLIC WORKS

Pre-installation inspection by Norman Twaddel
on September 10, 1980

Automatic reading system requested YES NO

A Watt #8A N.F. Back Flow Preventer or equal shall be installed on hose bibb of outside sillcock

Application Approved Denied

Comments _____
