Dear Sir:

The permit for the above work is issued herewith based on plans filed with the application and subject to the following:

CC: Mr. Donald Marsh
1542 Congress Street

P. S. We have been having some difficulty with the framing of small porches, and it is rather late for correction after they have been framed contrary to the Code.

If you are unwilling or unable to comply with any of the above conditions, it is important that you refrain from starting any of the work and return the permit immediately for adjustment.

WARNING !!!

THIS BUILDING PERMIT IS ISSUED
SUBJECT TO SPECIAL CONDITION:

THAT NO CONCRETE SHALL BE POURED IN FOUNDATION FORMS AND NO
LAYING OF UNIT MASONRY IN FOUNDATION WALLS SHALL BE STARTED UNTIL
NOTICE HAS BEEN GIVEN AT THE DEPARTMENT OF BUILDING INSPECTION OF
READINESS TO START ACTUAL MASONRY WORK, AND UNTIL RE-CHECK OF
LOCATION HAS BEEN MADE BY INSPECTOR.

* * *

Original markings of corners of lot and especially stakes on
street line set by Dept. of Public Works must be kept intact and
easily accessible for re-check-- not covered by excavated earth
or building materials. Otherwise the "go-ahead" cannot be given.
Dept. of Public Works cannot re-set their stakes.

Obviously the notice for re-check must be given at such a time
as to allow reasonable opportunity to make re-check.

Gentlemen:

We are in receipt of two applications for building permits for construction work to be done on the lot at 120-124 Alba Street, corner of Hamblet Avenue. We are unable to issue a permit for the work to be done under either of these applications for the following reasons:

1. The front wall of the proposed one story 3' 6" x 8' addition to the front of the existing dwelling on the lot would be only about 11' 6" from the line of Alba Street, whereas a setback of at least 15' from that street line is specified by Section 109 of the Zoning Ordinance applying to the Residence C Zone where the property is located.
2. The side wall of the proposed 12' x 22' garage is to be only 12' from the line of Hamblet Avenue, instead of at least 14' from that street line and the proposed building is to be located closer to Hamblet Avenue than the existing dwelling house on the same lot, both of these conditions being contrary to the specifications of Section 15A6 of the Zoning Ordinance.

We understand that the owner wishes to exercise his appeal rights concerning both of these matters. Accordingly we are enclosing an outline of the appeal procedure for each of you and are certifying the case to the Corporation Counsel, who acts as clerk for the Board of Appeals. In order for the case to be considered at the next meeting of the Appeal Board, the appeal should be filed at the earliest opportunity.

April 10, 19 52

To the Board of Appeals:

Your appellant, Melville C. Cole, who is the owner of property at 120-124 Alba Street, respectfully petitions the Board of Appeals of the City of Portland to permit an exception to the regulations of the Zoning Ordinance relating to this property, as provided by Section 18, Paragraph E of said Zoning Ordinance.

Building permit for construction of one-story, 12'6" x 8' addition to the front of the existing dwelling is not issuable because the front wall would be only about 11'6" from the line of Alba Street instead of the 15' required by the Ordinance, and building permit for construction of garage, 12' x 22', on this property is not issuable because the side wall of the garage is proposed only 18' from the line of Hamblet Avenue instead of the 20' required.

The facts and conditions which make this exception legally permissible are as follows:

An exception is necessary in this case to grant reasonable use of property and can be granted without substantially departing from the intent and purpose of the Zoning Ordinance.

Melville C. Cole
Appellant

After public hearing held on the 18th day of April, 19 52, the Board of Appeals finds that an exception is necessary in this case to grant reasonable use of property and can be granted without substantially departing from the intent and purpose of the Zoning Ordinance.

It is, therefore, determined that exception to the Zoning Ordinance may be permitted in this specific case.

Gentlemen:

We are in receipt of two applications for building permits for construction work to be done on the lot at 123-124 Alba Street, corner of Hamlet Avenue. We are unable to issue a permit for the work to be done under either of these applications for the following reasons:

1. 2.
