Mr. Wayne Barton 76 Alba Street Portland, Maine 04103

Dear Mr. Barton:

This is in reference to your application for a building permit for an addition to your existing sarage in the R-3 Residence Zone. The R-3 Zone requires that both principal and accessory structure must be at least 20 feet set back from the side line of Best Street, a side street.

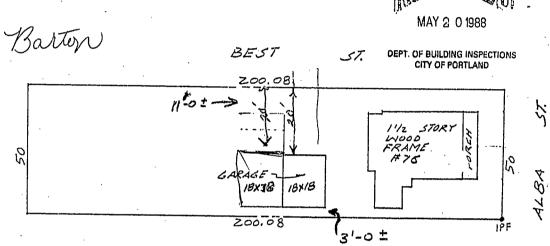

Therefore, it will be necessary for you to revise your plot plan for the proposedgarage expansion project. Please come to this office and make the necessary revisions to the plot plan for your proposed enlargement of the existing garage structure. If the proposed bay is kept 3 feet from the rear lot line, it will be in keeping with the side set back requirement as contained in the R-3 Zone in Section 1/4-90 (4) of the City Zoning Ordinance.
