CITY OF PORTLAND-MAINE

GEORGE A. FLAHERTY
PUBLIC WORKS DIRECTOR

June 8, 1976

Mr. Mitchell Cope
The Minat Corporation
34 Preble Street
Portland, Maine 04111

RE: Bartlett Street

Dear Mr. Cope:

This letter will serve as formal approval of the "Preliminary" plans and profiles of the sanitary sewer and roadway of Bartlett Street submitted to this office by the Minat Corporation as proposed by Carleton Stover, PE. Please prepare these drawings in completed form for permanent record for our files.

Permission is hereby granted to construct only that portion of the sanitary sewer lying westerly of the existing interceptor.

It is understood that this sewer will be terminated at Station 7+52.30 at the westerly end unless Minat Corporation acquires the rights in fee of lots 43-44 and 46 as shown on the plan, in which case the sewer will be extended an additional 75 feet westerly.

Permission to construct the sewer easterly of the existing interceptor is reserved until such time as the location of the City's proposed Madeline Street storm relief sewer is solidified and all physical conflicts between storm and sanitary sewers are resolved.

Building permits will be issued by the Department of Building and Inspection for construction of the homes to be serviced by this sewer, however, certificates of occupancy will not be issued until the sewer is complete and approved.

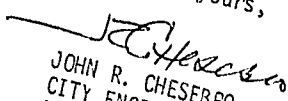

The typical section for Bartlett Street shall be that which was previously approved for Hale Street.

LETTER TO MITCHELL COPE RE: BARTLETT STREET
PAGE 2 (CONT.)
JUNE 8, 1976

This Department will perform the necessary inspection of the sewer and roadway construction. No gravel shall be placed for the roadway base until the subgrade has been inspected and approved by this office. All construction work shall be in accordance with the applicable standards of the City.

Prior to construction, please provide me with the completed construction drawings and date of intended start of the work so that arrangements for inspection may be made.

Very truly yours,

JOHN R. CHEEBRO
CITY ENGINEER
