Gentlemen:

Permit to construct 2-car frame garage 21'x22'-10", to construct 7'-5" x 22'-10" mud room to construct 15'x18' frame 1-story addition on rear of dwelling is being issued subject to plans received with application and in compliance with Building Code restrictions as follows:

1. 2x6" rafters over garage area and mud room will need to be spaced not less than 16" o. c. instead of 2' o. c. as shown on plans.
2. Rafters over family room on an 18' span will need to be at least 2x10", 12" o. c. One row of cross bridging or block bridging shall be installed at mid-span of the roof joists.
3. There is to be no door or closing devices on the opening between the kitchen and the family room so that there will always be an open passageway between the two areas.
4. Mechanical ventilation for the kitchen is required by the plumbing inspector. You must have approval of the plumbing department before work starts on the ventilation.

Very truly yours,

A. Allan Soule
Field Inspector

AAS:m

P.S.: A separate permit issuable only to the actual installer of the mechanical ventilation will be required from this department.
