Description of Present Building to be Altered

Fee \$ 3.00

Memorandum from Department of Building Inspection, Portland, Maine

24-25 Bancroft St. - Dwelling House for Charlotte B. Adams by Herbert A. Hight, Contractor
12/4/41

To Owner and Builders

The Building Code requires that the 2nd floor joists be no less than 2x8 spaced not more than 16 inches from center to center instead of 2x6, 12 inches on centers as shown on the applications.

On account of the slope of this lot downward from the street, it is necessary to exercise some care to see that the bottom of the foundation is at least four feet below the finished grade of the ground in the rear of the building at all points.

cc Charlotte B. Adams
70 Irving St.

Dear Sir:

Referring to the two-car garage which you have rebuilt at 20 Bancroft Street, the 2x6 roof joists which you have on an eighteen foot span are not satisfactory or legal.

It will be necessary for you to provide a girder at right angles to these joists at least 4x8 in size with the eight inches vertical, this girder to be supported on the outside walls on both ends and at its middle by a substantial post on a good foundation.

Please attend to this matter on or before November 14, 1930.

Very truly yours,

Inspector of Buildings.
