When all of these minor details are taken care of, please notify this office for final inspection so that we may be able to issue the final certificate promptly.

Appeal to the Municipal Officers to Change the Decision of the
Inspector of Buildings Relating to the Property Owned
by Orrin C. Varney at 53-61 Colonial Road

May 20, 19 31

To the Municipal Officers:

Your appellant, Orrin C. Varney
who is the owner of property at 53-61 Colonial Road
respectfully petitions the Municipal Officers of the City of Portland to change the decision of
the Inspector of Buildings relating to this property, as provided by Section 13, Paragraph c
of the Zoning Ordinance, on the ground that the enforcement of the ordinance in this case
involves unnecessary hardship and because relief may be granted without substantially der-
ogating from the intent and purpose of the Zoning Ordinance.

The decision of the Inspector of Buildings denies a permit to build
a projection 8' x 6' on the rear of a dwelling house now under construction
on the ground that said projection would be closer to the rear property
line than is ordinarily permitted by the Zoning Law in the General Resi-
dence Zone where the property is located.

The reasons for the appeal are as follows: The dwelling house under
construction is planned to have an attached garage, and the owner desires
this small projection to use as a sort of entry to keep tools in, and to
provide a passageway between the garage and house. Any other arrangement
interferes materially with the plan of the entire layout that he considers
most convenient. There is a dwelling house already constructed on the
adjoining lot and the proposed projection would interfere in no way with
the light and air of this dwelling house.

.....

31/21

May 29, 1931

To the Municipal Officers:

The Committee on Zoning and Building Ordinance Appeals to whom was referred the appeal of Orrin C. Varney with relation to the property at 53-61 Colonial Road, reports as follows:

A public hearing has been held upon this appeal at which no opponents appeared.

It is the belief of this Committee that failure to grant this permit involves unnecessary hardship, and that desirable relief may be granted without substantially derogating from the intent and purpose of the Zoning Ordinance.

Recommended that the appeal be sustained, and the permit granted subject to full compliance with the terms of the Building Code.

PUBLIC HEARING ON THE APPEAL OF ORRIN C. VARNEY AT 55-61 COLONIAL ROAD.

May 27, 1931

A public hearing on the above appeal was held today with Councillors Craig, Brooks, and Rounds, and the Inspector of Buildings present for the City.

Mr. Varney appeared in support of his appeal. He stated that he thought that the proposed projection would not interfere in any way with the dwelling existing on the next lot.

No opponents appeared.

Dear Sirs:

The Committee on Zoning and Building Ordinance Appeals of the Board of Municipal Officers will hold a public hearing at Room 35, City Hall, Wednesday afternoon, May 27th, at three o'clock Eastern Standard Time (four o'clock Daylight Time,) upon your appeal with relation to a proposed addition to your building under construction at 53-61 Colonial Road closer to the rear property line than is ordinarily permitted by the Zoning Law in the General Residence Zone where the property is located.

You should be present or should be represented at this hearing in support of your appeal as failure to be so represented will be considered equivalent to withdrawal of the appeal, and so reported to the Board of Municipal Officers.
