Subject: Permit for construction of 2-car
wood frame garage 22' x 20' on vacant lot
at 42 Whitney Avenue

Dear Sir:

Your appeal under the Zoning Ordinance having been sustained, the permit for the above work is issued herewith subject to the following:

1. We are not certain from the application for permit whether the rafters are to be supported on the front and rear walls of the building or whether they are to land on the side walls. If the former condition is to prevail, at least three intermediate cedar posts instead of the two shown on the location plan will be needed beneath the 4x6 sill of the rear wall. The posts under the front wall of course will be spaced to provide bearings at the corners and each side of the door openings. In such a case the one intermediate post shown beneath the side walls would be sufficient. However, should the rafters be supported on the side walls, two intermediate posts instead of one will be needed beneath the sills of these walls. All of the above is based upon the 4x6 sills being placed with the 6" dimension upright.

2. Attention is called to the requirement of the Zoning Ordinance that the height of the building from the ground to a point half way between the plate and the ridge shall not exceed twelve feet. Therefore care should be exercised in determining pitch of roof to make sure that the height at this point will not be greater than such a distance.

Very truly yours,

Inspector of Buildings

Subject: Application for building permit
to construct two car minor garage on the
vacant lot at 42 Whitney Avenue, and
proposed zoning appeal relating thereto

Dear Sir:

The building permit for the above work is not issuable under the
Zoning Ordinance because the lot is in a Residence-C Zone where the pro-
posed garage is only allowable if accessory to a dwelling house on the
same lot, as per Section 10-A-6 and 15-A-2 of the Ordinance.

You have indicated your desire to seek an exception from the Board
of Appeals, so there is enclosed an outline of the appeal procedure.

If you would like an early decision as possible, it is recommended
that you file your appeal at the office of Corporation Counsel no later than
Tuesday, March 15.

Very truly yours,

Inspector of Buildings

March 14, 19 49

To the Board of Appeals:

Your appellant, Stanley E. Heskett, who is the owner of property at 42 Whitney Avenue, respectfully petitions the Board of Appeals of the City of Portland to permit an exception to the regulations of the Zoning Ordinance relating to this property, as provided by Section 17, Paragraph E of the Zoning Ordinance,

Building permit to construct two car minor garage on the vacant lot at 42 Whitney Avenue is not issuable under the Zoning Ordinance because the lot is in a Residence C Zone where the proposed garage is only allowable if accessory to a dwelling house on the same lot as per Section 10-A-6 and 15-A-2 of the Ordinance.

The facts and conditions which make this exception legally permissible are as follows:—

An exception is necessary in this case to grant reasonable use of property and can be granted without substantially departing from the intent and purpose of the Zoning Ordinance.

Decision

Public hearing was held on the 1st day of April, 1949,
on petition of Stanley E. Heskett, owner of property at
42 Whitney Avenue, seeking to be permitted an exception to the regulations of
the Zoning Ordinance relating to this property.

Building permit to construct two-car minor garage on the vacant lot

the lot is in a Residence C Zone where the proposed garage is only
allowable if accessory to a dwelling house on the same lot as per
Section 10-A-6 and 15-A-2 of the Ordinance.

The Board finds that an exception is necessary in this case to grant reasonable
use of property and can be granted without substantially departing from the
intent and purpose of the Zoning Ordinance.

It is, therefore, determined that exception to the Zoning Ordinance may be permitted
in this specific case.

March 12, 1949

Mr. Stanley E. Heskett
44 Whitney Avenue
Portland, Maine

Subject: Application for building permit
to construct two car minor garage on the
vacant lot at 42 Whitney Avenue, and
proposed zoning appeal relating thereto

Dear Sir:

The building permit for the above work is not issuable under the Zoning Ordinance because the lot is in a Residence C Zone where the proposed garage is only allowable if accessory to a dwelling house on the same lot, as per Section 10-A-6 and 15-A-2 of the Ordinance.

You have indicated your desire to seek an exception from the Board of Appeals, so there is enclosed an outline of the appeal procedure.

If you would like as early a decision as possible, it is recommended that you file your appeal at the office of Corporation Counsel no later than Tuesday, March 15.

Very truly yours,
(Signed) WARREN McDONALD

Inspector of Buildings
