APPLICATION FOR PERMIT FOR HEATING, COOKING OR POWER EQUIPMENT

474

Portland, Maine, June 18, 1975

PERMIT ISSUED

JUN 18 1975

CITY of PORTLAND

To the INSPECTOR OF BUILDINGS, PORTLAND, ME.

The undersigned hereby applies for a permit to install the following heating, cooking or power equipment in accordance with the Laws of Maine, the Building Code of the City of Portland and the following specifications:

Location 88 Bolton Street Use of Building dwelling No. Stories Existing " New Building Existing "
Name and address of owner of appliance e. j. Pelletier - 88 Bolton St.
Installer's name and address Randall & McAllister - 84 Commercial Telephone 774-4554

General Description of Work

To install replacement oil burner

IF HEATER, OR POWER BOILER

Location of appliance Any burnable material in floor surface or beneath?
If so, how protected? Kind of fuel?
Minimum distance to burnable material, from top of appliance or casing top of furnace
From top of smoke pipe From front of appliance From sides or back of appliance
Size of chimney flue Other connections to same flue
If gas fired, how vented? Rated maximum demand per hour
Will sufficient fresh air be supplied to the appliance to insure proper and safe combustion?

IF OIL BURNER

Name and type of burner texaco - Model TFR Labelled by underwriters' laboratories? yes
Will operator be always in attendance? no Does oil supply line feed from top or bottom of tank? bottom
Type of floor beneath burner concrete Size of vent pipe 1 1/4"
Location of oil storage basement Number and capacity of tanks 1-275 existing
Low water shut off Make No
Will all tanks be more than five feet from any flame? yes How many tanks enclosed? none
Total capacity of any existing storage tanks for furnace burners 1-275

IF COOKING APPLIANCE

Location of appliance Any burnable material in floor surface or beneath?
If so, how protected? Height of Legs, if any
Skirting at bottom of appliance? Distance to combustible material from top of appliance?
From front of appliance From sides and back From top of smokepipe
Size of chimney flue Other connections to same flue
Is hood to be provided? If so, how vented? Forced or gravity?
If gas fired, how vented? Rated maximum demand per hour

MISCELLANEOUS EQUIPMENT OR SPECIAL INFORMATION

Amount of fee enclosed? 5.00

APPROVED:

o.k. 2.8.6(15/75)

Will there be in charge of the above work a person competent to see that the State and City requirements pertaining thereto are observed? yes

AP 88 Bolton Street

June 20, 1952

Mr. Edward Pelletier,
88 Bolton Street,
Portland, Maine

Dear Mr. Pelletier:-

Building permit for construction of an addition 8' x 16' on front of the existing garage on the lot with your dwelling at 88 Bolton Street, is issued herewith subject to the conditions listed below. If for any reason you are unwilling or unable to provide the construction indicated or if you do not understand what is meant, no work is to be started and the permit is to be returned to this office for adjustment. Conditions under which the permit is issued are as follows:-

1 - In view of the fact that you propose to provide concrete piers extending at least 4 feet below grade for support of the addition, it is assumed that the existing building is carried on supports extending below frost. If this is not so, trouble may arise if part of the building is subject to frost action and part is not.

2 - Since the application states that the floor of the addition is to be of gravel and the present building has a wood floor, it appears that you plan to remove the existing floor. This being the case, care will need to be taken to make sure that the supports of the existing building are adequate to prevent spreading of the walls due to removal of the wooden floor timbers which now provide a tie across the building.

3 - It is not clear just how you plan to connect the new roof with the old, but if the boarding and jack rafters on the sides are to be left after removal of the hip rafters, it will be necessary to provide new rafters running full length from plate to ridge beside the short jack rafters and securely fastened to them rather than splice out the jack rafters in some other manner.

Very truly yours,

Warren McDonald
Inspector of Buildings

AJS/G

STATEMENT ACCOMPANYING APPLICATION FOR BUILDING PERMIT

for addition to garage
at 88 Bolton Street Date 6/13/52

1. In whose name is the title of the property now recorded? Edward Pelletier
2. Are the boundaries of the property in the vicinity of the proposed work shown clearly on the ground, and how? iron stake
3. Is the outline of the proposed work now staked out upon the ground? yes
If not, will you notify the Inspection Office when the work is staked out and before any of the work is commenced? _____
4. What is to be maximum projection or overhang of eaves or drip? 2"
5. Do you assume full responsibility for the correctness of the location plan or statement of location filed with this application, and does it show the complete outline of the proposed work on the ground, including bay windows, porches and other projections? yes
6. Do you assume full responsibility for the correctness of all statements in the application concerning the sizes, design and use of the proposed building? yes
7. Do you understand that in case changes are proposed in the location of the work or in any of the details specified in the application that a revised plan and application must be submitted to this office before the changes are made? yes

Edward Pelletier

Neighborhood Conservation
N.C.P.-Libbytown

Dear Ms. Pelletier & Ms. Ferrara:

The Housing Inspections Division of the Department of Neighborhood Conservation has recently completed an exterior inspection of your property in conjunction with the above referred program.

Congratulations are extended to you for the general condition of your property which was found to meet the standards established by the City's Housing Code.

Good maintenance is the best way to protect the value of your property and neighborhood.

Please feel free to call on us if we can be of assistance to you.

Sincerely yours,
Joseph E. Gray, Jr., Director
Neighborhood Conservation
