# CITY OF PORTLAND

STEPHEN T. HONEY  
CITY MANAGER

July 17, 1984

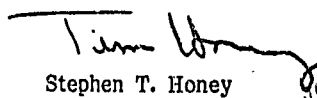

Dear Business Person:

Please be advised by this letter that the City wishes to bring to your attention the fact that you are placing a portable type sign on a public right-of-way without City approval.

It is my assumption that you are doing so only because you are unaware that a permit is required by the City of Portland for your sign. Permits for portable signs are issuable by me under Sections 25-26, 25-27, and 25-28 of the Portland City Code. These permits are necessary for any objects, including portable signs, placed on public rights-of-way by any party other than the City of Portland. The issuance of permits for portable sidewalks signs are based on standards established by the City Council. (A copy of these standards is attached for your information.) The fee for such a permit is \$75.00 for a one year period. In addition, the City of Portland requires proof of insurance holding the City harmless regarding any accidents that may occur as a result of your placing an object on the public right-of-way. If your portable sign meets the established standards, you may obtain the necessary permit for you to place your sign on the public right-of-way from my office by contacting Paul Rollins of my staff.

In closing I must urge you to conform with Portland's City Code regarding use of public ways and remove your sign until a proper permit is obtained.

Sincerely,

  
Stephen T. Honey  
City Manager
