43-45 CRAIGIE STREET & 36 CARROLL STREET

43-45 Craigie Street: I spoke to the owners of the property concerning the large amounts of cars on their property. All cars are registered and belong to household members. Several of the cars are for sale at this time. However, those cars have been in their possession for sometime. In other words, they are not in the business of buying old cars to fix up and sell. There is one boat that they also own stored in the drive. I found no validity in the complaint and consider the matter closed.

36 Carroll Street: An inspection of the "carriage house" garage at the above location did reveal some storage of insulation in one section of the garage. There also are a couple stoves in storage also. The owner told me that this insulation is for his other apartments that he owns and wants to insulate. So this would not be considered stock in trade for a business use. This office has no jurisdiction over where an owner can store personal equipment. I consider this matter closed also.
