Dear Mr. Caufield:

Please be notified that the City Ordinances do not allow more than one commercial motor vehicle in any Residence Zone. It has been noted by this department that two large oil trucks are parked on your property. It will be necessary to find other accommodations for one of the commercial vehicles in order to comply with City Ordinances.

It will be necessary to comply within 10 days of the receipt of this letter. If you have any questions, don't hesitate to contact this office.

Very truly yours,

Marge Schmuckal

38 Caleb Street

Dear Mr. & Mrs. Caufield:

Examination of information furnished with application for building permit to construct one story frame shed 8'x12' for storage of garden tools at the above location reveals certain discrepancies as regards compliance with requirements of the Building Code which must be taken care of before a permit can be issued. Discrepancies are as follows:

1. Minimum permissible size of all supporting walls and resting directly on the ground would be $\frac{1}{2}$ " all one piece in cross-section instead of two 2x4 indicated on application.
2. Two by six floor joists 24" on centers on a 12' span will not figure out. Minimum allowable spacing of floor timbers is 18" and 2x6 joists would not figure out on a 12' span for even the 18" spacing.
3. Two by four rafters will not figure out in any case on a span of 12'.
4. Minimum size of corner posts would be $\frac{1}{2}$ " or two 2x4 instead of single 2x4 indicated on application.
