Gentlemen:

We are unable to continue processing your permit to construct 36' dormer on rear of dwelling at the above named location until further information is provided as follows:

1. We will need a framing plan in cross-section of this dormer, so that we may check this dormers framing with the restrictions of the Building Code.
2. We will need to know the size of the first floor of the dwelling. This does not include the rear porch. We will also need to know how much of the second floor (where the height of the rooms are four feet or over) will be used for living area.

Very truly yours,

A. Allan Scule
