

CITY OF PORTLAND, MAINE
IN THE BOARD OF APPEALS

August 24, 1964

TO WHOM IT MAY CONCERN:

The Board of Appeals will hold a public hearing in the Council Chamber at City Hall, Portland, Maine, on Thursday, September 3, 1964, at 4:00 p.m. to hear the appeal of Bradley Realty Company requesting an exception to the Zoning Ordinance to permit erection of a plastic sign 4 feet by 5 feet on edge of canopy in front of beauty parlor in building at 1352-1384 Congress Street.

This permit is presently not issuable under the Zoning Ordinance for the following reasons: 1) Erection of the sign will bring the total area of signs on the premises of the shopping center to about 400 square feet, which is double the maximum area of 200 square feet permitted by Section 16-A-4a of the Ordinance applying to the B-1 Business Zone in which the property is located; 2) The sign is not allowable under the same section of the Ordinance because it is not to be affixed to the wall of the building but is to be located on the edge of canopy.

This appeal is taken under Section 24 of the Zoning Ordinance which provides such variance may be granted only if the Board of Appeals finds that the strict application of the provisions of the Ordinance would result in undue hardship in the development of property which is inconsistent with the intent and purpose of the Ordinance; that there are exceptional or unique circumstances relating to the property that do not generally apply to other property in the same zone or neighborhood, which have not arisen as a result of action of the applicant subsequent to the adoption of this Ordinance whether in violation of the provisions of the Ordinance or not; that property in the same zone or neighborhood will not be adversely affected by the granting of the variance; and that the granting of the variance will not be contrary to the intent and purpose of the Ordinance.

All persons interested either for or against this appeal will be heard at the above time and place, this notice of required public hearing having been sent to the owners of property within 500 feet of the property in question as required by Ordinance.

TO WHOM IT MAY CONCERN:

The Board of Appeals will hold a public hearing in the Council Chamber at City Hall, Portland, Maine, on Thursday, January 14, 1965, at 4:00 p.m. to hear the appeal of Bradley Realty Co. requesting an exception to the Zoning Ordinance to permit erection of an electric sign 2½ feet high by 10 feet long on edge of canopy in front of barber shop in building at 1352-1384 Congress Street.

This permit is presently not issuable under the Zoning Ordinance because erection of the sign will bring the total area of signs on the premises of the shopping center to about 425 square feet, which is in excess of the maximum of 200 square feet permitted by Section 16-A-4a of the Ordinance applying to the B-1 Business Zone in which the property is located; and the sign is not allowable under the same section of the Ordinance because it is not to be affixed to the wall of the building but is to be located on the edge of the canopy.

This appeal is taken under Section 24 of the Zoning Ordinance which provides such variance may be granted only if the Board of Appeals finds that the strict application of the provisions of the Ordinance would result in undue hardship in the development of property which is inconsistent with the intent and purpose of the Ordinance; that there are exceptional or unique circumstances relating to the property that do not generally apply to other property in the same zone or neighborhood, which have not arisen as a result of action of the applicant subsequent to the adoption of this Ordinance whether in violation of the provisions of the Ordinance or not; that property in the same zone or neighborhood will not be adversely affected by the granting of the variance; and that the granting of the variance will not be contrary to the intent and purpose of the Ordinance.

VARIANCE APPEAL

July 28, 1964

Bradley Realty Company, owner of property at 1352-1384 Congress Street under the provisions of Section 24 of the Zoning Ordinance of the City of Portland, hereby respectfully petitions the Board of Appeals for a variance from the provisions of said Ordinance to permit: erection of a plastic sign 4 feet by 5 feet on edge of canopy in front of beauty parlor in building. This permit is presently not issuable under the Zoning Ordinance for the following reasons: 1) Erection of the sign will bring the total area of signs on the premises of the shopping center to about 400 square feet, which is double the maximum area of 200 square feet permitted by Section 16-A-4a of the Ordinance applying to the B-1 Business Zone in which the property is located; 2) The sign is not allowable under the same section of the Ordinance because it is not to be affixed to the wall of the building but is to be located on the edge of canopy.

LEGAL BASIS OF APPEAL: Such variance may be granted only if the Board of Appeals finds that the strict application of the provisions of the Ordinance would result in undue hardship in the development of property which is inconsistent with the intent and purpose of the Ordinance; that there are exceptional or unique circumstances relating to the property that do not generally apply to other property in the same zone or neighborhood, which have not arisen as a result of action of the applicant subsequent to the adoption of this Ordinance whether in violation of the provisions of the Ordinance or not; that property in the same zone or neighborhood will not be adversely affected by the granting of the variance; and that the granting of the variance will not be contrary to the intent and purpose of the Ordinance.

TO WHOM IT MAY CONCERN:

The Board of Appeals will hold a public hearing in the Council Chamber at City Hall, Portland, Maine, on Thursday, February 27, 1964, at 4:00 p.m. to hear the appeal of Bradley Realty Company requesting an exception to the Zoning Ordinance to permit installation of a sign 3 feet by 12 feet on edge of canopy on front of addition being constructed on building at 1352-1384 Congress Street.

This permit is presently not issuable because: 1) Erection of the sign will bring the total area of signs on the entire premises of the shopping center to about 240 square feet, which is in excess of the maximum of 200 feet permitted by Section 16-A-4a of the Ordinance applying to the B-1 Business Zone in which the property is located; 2) The sign is not allowable under the same section of the Ordinance because it is not to be affixed to the wall of the building and, although located on the edge of a roof, is not to be composed of individual letters.

This appeal is taken under Section 24 of the Zoning Ordinance which provides such variance may be granted only if the Board of Appeals finds that the strict application of the provisions of the Ordinance would result in undue hardship in the development of property which is inconsistent with the intent and purpose of the Ordinance; that there are exceptional or unique circumstances relating to the property that do not generally apply to other property in the same zone or neighborhood, which have not arisen as a result of action of the applicant subsequent to the adoption of this Ordinance whether in violation of the provisions of the Ordinance or not; that property in the same zone or neighborhood will not be adversely affected by the granting of the variance; and that the granting of the variance will not be contrary to the intent and purpose of the Ordinance.

All persons interested either for or against this appeal will be heard at the above time and place, this notice of required public hearing having been sent to the owners of property within 500 feet of the property in question as required by Ordinance.

VARIANCE APPEAL

February 5, 1964

Bradley Realty Company, owner of property at 1352-1384 Congress Street under the provisions of Section 24 of the Zoning Ordinance of the City of Portland, hereby respectfully petitions the Board of Appeals for a variance from the provisions of said Ordinance to permit: installation of a sign 3 feet by 12 feet on edge of canopy on front of addition being constructed on building. This permit is presently not issuable under the Zoning Ordinance for the following reasons: 1) Erection of the sign will bring the total area of signs on the entire premises of the shopping center to about 240 square feet, which is in excess of the maximum of 200 feet permitted by Section 16-A-4a of the Ordinance applying to the B-1 Business Zone in which the property is located; 2) The sign is not allowable under the same section of the Ordinance because it is not to be affixed to the wall of the building and, although located on the edge of a roof, is not to be composed of individual letters.

TO WHOM IT MAY CONCERN:

The Board of Appeals will hold a public hearing in the Council Chamber at City Hall, Portland, Maine, on Thursday, February 27, 1964, at 4:00 p.m. to hear the appeal of Bradley Realty Company requesting an exception to the Zoning Ordinance to permit installation of a sign 3 feet by 12 feet on edge of canopy on front of addition being constructed on building at 1352-1384 Congress Street.

This permit is presently not issuable because: 1) Erection of the sign will bring the total area of signs on the entire premises of the shopping center to about 240 square feet, which is in excess of the maximum of 200 feet permitted by Section 16-A-4a of the Ordinance applying to the B-1 Business Zone in which the property is located; 2) The sign is not allowable under the same section of the Ordinance because it is not to be affixed to the wall of the building and, although located on the edge of a roof, is not to be composed of individual letters.

This appeal is taken under Section 24 of the Zoning Ordinance which provides such variance may be granted only if the Board of Appeals finds that the strict application of the provisions of the Ordinance would result in undue hardship in the development of property which is inconsistent with the intent and purpose of the Ordinance; that there are exceptional or unique circumstances relating to the property that do not generally apply to other property in the same zone or neighborhood, which have not arisen as a result of action of the applicant subsequent to the adoption of this Ordinance whether in violation of the provisions of the Ordinance or not; that property in the same zone or neighborhood will not be adversely affected by the granting of the variance; and that the granting of the variance will not be contrary to the intent and purpose of the Ordinance.

All persons interested either for or against this appeal will be heard at the above time and place, this notice of required public hearing having been sent to the owners of property within 500 feet of the property in question as required by Ordinance.

Gentlemen:

Permit for installation of a sign 3 feet by 12 feet on edge of canopy on front of addition being constructed on building at the above named location is not issuable under the Zoning Ordinance for the following reasons:

1. Erection of the sign will bring the total area of signs on the entire premises of the shopping center to about 240 square feet, which is in excess of the maximum of 200 feet permitted by Section 16-4-1a of the Ordinance applying to the B-1 Business Zone in which the property is located.
2. The sign is not allowable under the same section of the Ordinance because it is not to be affixed to the wall of the building and, although located on the edge of a roof, is not to be composed of individual letters.

We understand that the owner of the property would like to exercise its appeal rights in the matter. Accordingly we are certifying the case to the Corporation Counsel, to whose office in Room 208, City Hall, an authorized representative should go to file the appeal.

Very truly yours,

Albert J. Beare

Gentlemen:

Permit is being issued to install a 28'x3' canopy sign as per your plan received with application.

As this sign brings a total area of signs at this location to nearly the 200 square feet allowable under Section 16-D of the Zoning Ordinance, any new signs proposed will need to replace existing signs or be approved by the zoning appeal procedure. Should you propose to seek zoning ordinance appeals for future signs then permits should be applied for well in advance to avoid delays.

Very truly yours,

Gerald E. Mayberry

Gentlemen:

Permit to construct a 1-story concrete block addition (Beauty Shop, Bank, Drug Store and Barber Shop), 90'x102' to existing shopping center building at the above named location as per plans and specifications received with permit is being issued herewith subject to compliance with the following:

1. If the serving of food and drink other than in connection with the usual soda fountain counter is proposed in the Drug Store, authorization of the Board of Appeals will be needed before such a use can be established. The erection of any new signs other than those attached directly to the wall of the building, or which would not bring the total area of the signs on the entire premises to not more than 200 square feet, will also require authorization of the Board of Appeals. In order to avoid delays at the last minute before opening of stores it would be well to file appeals and determine results as early as possible.
2. If food or drink is to be prepared or served in the Drug Store as previously mentioned, then toilet rooms will need to be provided with vestibules and doors to both toilet rooms and vestibules with self-closing devices. In such a case a revised plan of the toilet rooms is to be furnished for approval before work on such partitions is started.
3. It is understood that the sprinkler system in the existing building is to be extended to the addition. Whether or not sprinkler heads will need to be located above the suspended ceiling will depend on whether there is any combustible material, such as wood studs of partitions, in the space between the ceiling and roof construction. A separate permit issuable only to the actual installing contractor is required for this installation. OK
4. Separate permits will also be needed for the installation of any heating or cooking equipment and for any systems of mechanical ventilation. OK

6. Exit signs adequate in number to show route to rear means of egress are to be provided in the Drug Store area. Door #12, as well as Door #15, along this egress route will need to be equipped with a vestibule latch set. *OK*
