7.11.64

June 20, 1957

AP - 4, Boody Street

Mr. Carroll Morse
86 Maine Avenue

Copy to Mrs. Erwin H. Boody
4 Boody Street

Dear Mr. Morse:-

In checking application for permit for construction of a small summer house at the above named location we find that according to Assessors' records the location proposed for the building would be on the opposite side of Boody Street and on a separate lot from that on which the dwelling is located. Section 17 of the Zoning Ordinance specifies that an accessory use such as a summer house or garage shall be on the same lot as the dwelling to which it is accessory. On the basis of the information we have so far available, therefore, we are unable to issue a permit for locating the proposed building as indicated.

Apparently, according to Assessors' records, Boody Street is a dedicated street extending from Congress Street to the limits of the Boody property. Unless it can be established otherwise, any new building therefore will need to be located the required distance set by the Zoning Ordinance from the street line and on the same lot as the dwelling if we are to be able to issue a permit for its construction without authorization from the Board of Appeals for some other location. Under these circumstances please indicate how you wish to proceed.

Very truly yours,

Albert J. Sears
Deputy Inspector of Buildings
