CC- Mr. Clinton Parker

#294A-1

October 2, 1939

Mrs. Austin Burgess
Lot 84 Cobb Avenue
Stroudwater, Maine

Dear Madam:

Enclosed is the building permit covering erection of new outside chimney at your camp on Lot 84 Cobb Avenue.

Please note that this chimney, since it is built outside of the camp, must be at least one inch removed from the siding of the building or else special protection approved by this office must be used on the side of the chimney close to the woodwork.

Where the connection is made from the chimney to stove or other venting device, the brickwork of the chimney must be projected or corbeled out in such a fashion as to project through the outside walls of the camp to receive the metal smokepipe on the inside, since it is not lawful for a metal smokepipe to run through the outside wall of the camp.

Please see to it that your mason builds the chimney in compliance with these specifications.

We are sending a copy of this letter to Mr. Clinton Parker, who it is understood is to build the chimney.

Very truly yours,

Inspector of Buildings.
