Actual Area of Lot _____ sq. ft. Zone _____
Area required by Zoning Ordinance if sewer were available _____

Where no City sewer is available, the State Plumbing Code requires that a Site Evaluation Test be performed by a State recognized Soil Scientist, Geologist, Professional Engineer, or others so recognized. The Building Code directs that, where a sewage disposal system is to be used, a building permit shall not be issued unless the proposed method of sewage disposal has been approved by the Director of Building Inspections.

Since application for the above permit indicates that connection to a sewer is not possible, it is necessary for the owner or his agent to file the results (including plans) with this department to explain the method of sewage disposal recommended by a Site Evaluation Test.

After this test has been filed, the Plumbing Inspector will notify this department of the lot size required on the basis of the results of the test.

Director of Building & Inspections

CITY OF PORTLAND, MAINE
DEPARTMENT OF BUILDING INSPECTION

May 1, 1963

Harold J. Newsam
1909 Congress St.
Portland Maine

Dear Sir:

(1-car frame garage)

With relation to permit applied for to demolish a building or
for demolition of building at 4109 Congress St. it is unlawful to
commence demolition work until a permit has been issued from this
department.

Section 6 of the ordinance for rodent and vermin control pro-
vides: "It shall be unlawful to demolish any building or structure
unless provision is made for rodent and vermin eradication. No permit
for the demolition of a building or structure shall be issued by the
Building Inspector until and unless provisions for rodent and vermin
eradication have been carried out under supervision of a pest control
operator registered with the Health Department.

The building permit for demolition cannot be issued until the
provisions of this section have been satisfied. It is the obligation
of owner or demolition contractor or both to take up with the Health
Department the matter of complying with this section, being prepared to
inform that department what registered pest control operator is to be
employed.

Very truly yours,

Albert J. Sears

Albert J. Sears
Director of Building Inspection

AJS/h

Eradication of this building has been completed.

1. This permit application doesn't preclude the Applicant(s) from meeting applicable State and Federal rules.
2. Building permits do not include plumbing, septic or electrical work.
3. Building permits are void if work is not started within six (6) months of the date of issuance. False information may invalidate a building permit and stop all work.
