Copy to: Mr. Philip Durgin
350 Capisic St.

Dear Mr. Lewis:-

Upon inspection of the above premises on April 23 and 25th we found the second floor finished off and completely covered without the required "closing-in" inspection.

No firestops can be found between roof rafters over the eave wall partitions, and there is some question as to firestops around chimney and also in gable peaks.

It is important that the above conditions be corrected before May 10th and that you notify this office of readiness for another inspection.

Very truly yours,

Nelson F. Gartwright
Field Inspector
