Re: 1050 Brighton Ave
Fashion Bug
Pine Tree Shopping Center

Dear Sir,

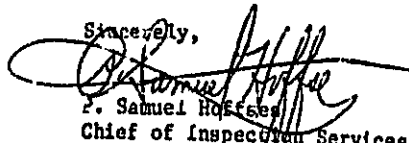

Your application to make interior renovations (partitions/windows) has been reviewed and a permit is herewith issued subject to the following requirements:

No certificate of occupancy can be issued until all requirements of this letter are met.

1. Occupant load normally will be 240 occupants, not to exceed 360 without providing additional exits through the rear of the building.
2. Emergency lighting shall be provided in accordance with Section 5-9 of N.F.P.A. 101 Life Safety Code.
3. A floor plan showing arrangement of aisles shall be submitted for review prior to occupancy - minimum width of aisle shall be 36" in clear width. Ref Section 24-2.5 for specifics.
4. Exit through store room shall be in accordance with Section 24-2.5.10.
5. Storerooms shall be protected in accordance with Section 24-3.2.
6. Interior finish shall be in accordance with Section 24-33.
7. Portable fire extinguisher shall be provided in accordance with N.F.P.A. #10.
8. Sprinkler protection shall be maintained and be in accordance with N.F.P.A. #13.

If you have any questions regarding these requirements, please do not hesitate to contact this office.

Sincerely,

S. Samuel Hoffses
Chief of Inspection Services

August 2, 1961

Dallard Oil & Equipment Co.
135 Marginal Way

cc to: Deering Ice Cream Company
124 St. John Street
cc to: Fire Department

Gentlemen:

Permit for installation of oil burning gravity warm air heating system and oil-fired hot water heater in Area G-7 of addition to shopping center under construction at the above named location is issued herewith subject to the following conditions:

1. Vents for both appliances are to be approved prefabricated chimneys installed in accordance with instruction of the manufacturer. The use of Type B metabestos vent approved for use with gas appliances only is not allowable.
2. In approving the permit the Fire Department has stipulated that, if any signs of water seepage are evident when excavation has been completed, it will be necessary to anchor the fuel oil storage tank in place and that department will need to be informed as to how anchorage is to be done.

Very truly yours,

Albert J. Sears
Building Inspection Director

AJS:m

P. S.:

This permit does not include installation of the hood over cooking appliances and the vent from it extending through roof even though it is shown on plan filed with application for this permit.

*Then roof opening 40" x 42"
fill with mineral wool on 1/8" plate*

MEMORANDUM FROM DEPARTMENT OF BUILDING INSPECTION, PORTLAND, MAINE

July 28, 1961

Location: 1050-1132 Brighton Ave, Area C-7

Before tank and piping is covered from view, installer is required to notify the ~~Fire Dept. Headquarters~~ of readiness for inspection and to refrain from covering up until approved by the ~~Fire Dept. Headquarters~~

(1)

This tank of 1000 gallons capacity is required to be of steel or wrought iron no less in thickness than #10 gauge; and before installation is required to be protected against corrosion, even though galvanized, by two coats of tar, asphaltum, or other suitable rust-resisting paint, and special protection wherein corrosive soil such as cinders or the like.

Pipe lines connected to underground tanks, other than tubing and except fill lines and test wells, must be provided with double swing joints arranged to permit the tank to settle without impairing the efficiency of the pipe connections.

Owner and installer will have to bear the responsibility for the structural capacity of the tank to support loads from above such as heavy motor trucks.

If tank will be so located as to be subjected to the action of tide water or "ground" water, adequate anchorage or weighting must be provided to prevent "floating" when tank is empty or nearly so.

Gentlemen:

Permit for installation of the automatic sprinkler system
in the "Zayre Building" at the Pine Tree Shopping Center, this
City, is issued herewith. We understand that method of providing
fire department connections for this building and Units A & B
has been discussed with and worked out in a manner satisfactory
to the Fire Department.

Very truly yours,

Albert J. Sears
Inspector of Buildings

AJS/jg

AP-1050-1132 Brighton Avenue

John Moynagh & Co.
25 St. Johns Road
Worcester, Mass.

cc to: Pine Tree Shopping Ctr., Inc.
600 Columbia Road
Boston 25, Mass.

Gentlemen:

Before a permit can be issued for installation of the sprinkler system in the "Zayre Building" at the Pine Tree Shopping Center, this City, it is necessary that we have definite information as to how a fire department connection satisfactory to the Fire Department is to be provided for this building as well as for the other units in the Shopping Center. To this end the Fire Department should be consulted and information furnished this office as to the arrangement, which is approved. It is important that this be done without delay in order not to make it necessary for this department to require stopping of any work on the installation if work thereon has already been started.

Very truly yours,

AJS/jr

Albert J. Sears
Inspector of Buildings

Worcester, Mass.

cc to: Fire Department
cc to: Pine Tree Shopping Center, Inc.
600 Columbia Road
Boston 25, Mass.

Gentlemen:

Building permit to install wet sprinkler system in Pine Tree Shopping Center building (called Units A & B) at the above named location in this City is issued herewith based on plans filed with application for permit but subject to the condition that a Fire Department connection shall be provided for Unit "A" as well as for Unit B since there is to be no connection between the two systems. This connection is to be provided in the location shown on the plans, but marked in crayon to be omitted, or in some other location acceptable to the Fire Department.

Although plans have been filed for installation of a system in the Zagre Building (called Unit D), since this is a separate building, it will be necessary to have this installation covered by a separate permit application for which should be filed at once.

Very truly yours,

Albert J. Soars
