Centlemen:

In our plan review for the sign at the above location we find that an appeal will not be required in this case inasmuch send that an appeal will not be required in the same area and so the original sign was approximately in the same area and that had previously been appealed, therefore we give you the that had previously been appealed, therefore we give you the benefit of the doubt. No also find that a fee of \$5.00 had been paid on the application but in order to issue the permit Gentlemen: benefit of the doubt. We also find that a fee of \$5.00 had been paid on the application but in order to issue the permit signs of this nature require a basic \$5.00 see minimum plus signs of this nature foot of the gross area. You may submit ten dents pur square foot of the gross area. You may submit to us the cross area of the sign which is approximately to us the cross area of the sign with the additional fee 528 sq. feet according to our figures with the additional fee of ten cents per square foot for that total gross area. When of ten cents per square foot payable to the City of Fortland, we it is received, the check payable to the city of Fortland, we will then be able to issue the parmit for the sign.

Very truly yours,

R. Lovell Brown Director

Att. Mr. A. Allan Soule Assistant Director

Dear Mr. Soule

Enclosed you will find additional blue prints with all the information requested by your department.

If the same meets your approval please issue the requested building permit for the installation of the Child World Can. May I fully reassure you that we will fully co-operate with your department.

If you have any further question, please call me

Thank you for your co-operation.

Vary truly yours

Karl Girsberg, Pres.

KG/rj

cm to: Child World 1050-1132 Brighton Avenus

Alco Signs, Inc. 29 Tosca Drivo Stoughton, Mass.

Gentlemen:

This sign is allowable under the Zoning Ordinance requirements because it replaces an existing sign which was approved when the building was first constructed, which was approximately of the same size.

We will need to know as stated on your application complete information on how this sign in to be constructed. We will need to know the thickness of the structural members, size of the gauge, how the corners are to be supported, bolts to be used, etc.

I would also take this opportunity to mention the following: this sign may be illuminated but no flashing or interstitant or animated or rovolving signs are permitted in this Zone. (Sec. 602.16.5)

All signs must have a shop inspection, therefore before this sign is erected on the marquee, the installer should dall this office well in advance so that the Field Inspector may check this sign before it is erected. If you were to put it up some morning for example, it would be wise to call the night before and make an appointment with that inspector.

We will be able with the above information to continue processing your permit.

Very truly yours,

A. Allan Soule Assistant Director

Centlemen:

Advance permit for excavation and construction of foundation and first floor elab for proposed addition between existing buildings at the above named location is issued horowith based on plans filed with application for parmit but subject to the following conditions:

- Permit is issued without prejudice as to any questions as to compliance with Building Code and Zoning Ordinance requirements which may arise when complete plans of the building are filed with an application for the general construction permit.
- 2. As far as we can tell from information so far available it appears that at least 900 off-street parking spaces will be required to comply with Coming Ordinance requirements for the entire shopping center. Any plot plan which has previously been filed indicates parking spaces for somewhat less than 800 cars. Defore the general construction permit can be issued it will be necessary that we have furnished a plot plan which will show enough parking spaces to seet requirements.
- 3. It is understood that the addition is to be separated from the existing buildings by underced casonry walls having a fire-resistive reting of at least four hours, that it is to be not over one story high with an asymmet height to the roof or to a fire retardant ceiling not in excess of 25 feet, that it is to be fully equipped with an automatic sprinkler system, and that the ground area is not to excess 36,000 square feet. This possible is issued on such a basis.
- 4. The bottoms of the grade posses supporting exterior walls are required to expend not less than four feet below the finished grade of the ground adjoining them and parent is issued on the basis that such construction will be provided.

Very truly yours,

AJBER

Albert J. Sears Inspector of Exildings

P.S.: Dear Mr. Wald:

Will you please fill out, sign, and return to this office
the attached blank statement of design so that we may attach it to the plane?

Very truly yours.

Mr. Brent Tracy Mgr. Child World of Maine Inc. Pine 1.ree Shopping Center Brightor Avenue Portland, Maine 04102

Dear Mr. Tracy:

This letter will confirm our conversation of Tuesday, November 20, 1984, regarding the illuminated ign on the facade of your building.

The Municipal Ordinance of the City of Portland states:

Division 22, Section 14-368, (h) - Flashing lights prohibited. No permanant temporary or portable sign shall be illuminated by flashing lights of any kind.

Therefore, you are hereby ordered to discontinue the use of the flashing sign on your building upon receipt of this letter.

If this office can be of any assistance to you in this matter, please do not hesitate to contact me.

Sincerely

Revin W. Carroll, Code Enforcement Officer

Glen Davis 971 Brighton Avenue Portland, ME 04102

RE: 1050-1132 Pine Tree Shopring Center (Old Sampson's)

Dear Sir:

Your application to make interior alterations has been reviewed, and a building permit is herewith issued subject to the following requirement.

This approval is for subdividing this area and not for occupancy. When occupancy is requested, a separate permit will be required.

If you have any questions on this requirement, please call this office.

Sincerely,

P. Samuel Hoffses Chief of Inspection Services
