Lot 294 Candlewyck Terrace

Dear Mr. DiPhillippo:

We are unable at this time to issue your building permit to construct a sun deck on the left hand side of your dwelling as per plan submitted with your application because this structure extends 4' from your dwelling which projects 2 1/2' into the sewer right-of-way. We will need before this permit can be issued a letter from you stating that any time in the future you will allow the city to open up this right-of-way and any damages done will be at your expense.

Upon receiving this letter from you we will then be able to issue your permit for the use stated above.

Very truly yours,
