Inquiry-Frd of Bishop Street(Assessor's Lot Nos. 291-A-1 & 4)

March 23, 1962

Robert B. Williamson, Jr., Esq. 57 Exchange Street

ec to Corporation Counsel

Lear Ar. Williemson:

ilegarding your inquiry concerning possible use of the land at the above named location as the site of a plant for the processing and mixing of asphalt paving materials, I find that present Zoning Ordinance regulations apply as follows:

- 1. The property is located in an I-2 Industrial Zone in which the proposed use is not among those excluded from such a zone and would therefore appear to be allowable. However, any processes involving the mixing or nanufacture of Portland coment products are not allowable in this type of zone.
- 2. The property involved apparently adjoins Dishop Street at ite extreme end. Therefore, since it does abut a street appearing on the official map of the City of Portland, a permit for exection of a building or structure on it can be issued, as would not be the case were conditions otherwise.

This decision is, of course, based on present Zoning Ordinance requirements, and no assurance can be given that the same regulations will be in force several years from now should operations not be started until a later date.

Very truly yours,

AJS/II

Albert J. Sears, Director Department of Building Inspection City Hall Portland, Maine

Dear Mr. Sears:

This is to acknowledge and thank you for your letter of March 28th concerning our inquiry about the possible use of the land at the end of Bishop Street for a plant for the processing and mixing of asphalt paving materials.

I appreciate the consideration which you have given this matter, and thank you again for the opportunity of meeting with you last Monday.

Very truly yours,

Korest B. Williamson f.

Mr. Harvey A. Clark for the owner
if desired
Assessors' Department

Dear Mr. Clark:

Suilding permit for continuing the period of use of the portable shelter for new mill on the land of Leeds Lumber Company at the and of Bishop Struct (Assessors Lot No. 291-A-A), is issued herewith, approval of the Emilipal Officers having been secured on January 15.

The Eunicipal Officers in passing upon this temporary chelter for the second time were given the assurance, after talking with Mr. Hinckley, your attempy, that the date of July I would surely give ample opportuity to clear up all of the work for which the portable will was exected, and that there would be no further requests for continuance. Please see to it that the building is entirely removed before that date.

Very bruly yours,

Marron McBonold Inspector of Evildings

HMOD/Q

Bishop Street (Assessors Lot No., 91-A-4)

January 15, 1951

Mrs. Meally, Sec. to Corporation Counsel

Warren McDonald, Insptr. of Bldgs.

FO order for permit at the end of Bisnop Street.

The Municipal Officers approved a similar permit last June, limited to January 3, 1951, but the comers still have work to do there which they say does not warrent the construction of a permanent building.

Their attorney, Franklin Hinckley, has given me the assurance that they will not ask for another continuance and that the temporary building will be absolutely removed before July 1.

I can see no harm in renewing it..

Inspector of Buildings

CC: Lyman S. Moore City Manager

## City of Portland, Maine

IN BOARD OF MUNICIPAL OFFICERS

January 15, 1951

### ORDERED:

That the building permit to authorize maintaining and using a temporary shelter for a portable saw mill on the land of Lewis Lumber Company at the end of Bishop Street (Assessors Lot No. 91-A-4), the mill and shelter being owned by Flery Clark of Bridgton, Maine, and the permit to mover the period from January 1 to July 1, 1951, be and hereby is approved as per Section 211b2 of the Building Codo, subject to the condition that the structure will be demolished or moved outside of the City Limits before July 1, 1951.

BP Bishop Street-1 (Assessors hot No. 291=4-4) 3/16/51/ALT

Jamesy 4, 1951

Mr. Harvey As Chill 93 Far ions Road Nie Bonjamin Lawis 65 Lishqu Street

Gentlemen:

When a special permit was secured, approved by the Fourd of Municipal Officers of Portland, to authorize a temperary shelter or stand for a portable saw mill on land of the Lewis Lumber Company at the end of Bishop Street (Assessors Lot No. 291-A-4), on July 3, 1950, each of yet received a letter indicating the conditions under which the permit for the temperary structure was issued, these conditions being that the structure shall be allowed to remain only for a period of six menths from the day of issuance of the permit (July 3, 1950), and at the end of that period or before, the structure shall be either demolished or removed cutside of the City Limits.

On January 3, 1951 our inspector reports that the temporary structure is still in position and is being used for the manufacture of lumber.

Section 211b2 of the hallding Code with relation to such temperary structures where a permit has been approved by the Municipal Cfficers, provides that the permit issued for such a structure shall state the time limit through which the circuture is allowed and "failure to demolish or remove them outside the City Limits at the expiration of such period chail constitute a violation of this Code.

It is important that the Law be complied with in this commestion immediately.

Very truly yourse

Warren McDonald Inspector of Buildings

ANODAS.

Bishop Street of Benjamin Lauts) July 3, 1950 Copies to, Mr. Harvey A. Clark, 93 Parsons Road Mr. Benjamin Lowis, 65 Bishop Street Mr. Elery Clark c/o Mr. Harvey A. Glark 93 Parsons Boad Portland, Maine My dear hir. Clark, The building pendit to authorize exection and maintenance of a temporary shalter or stand for a portable saw mill on land at the end of Hishop Arcet, sweed by Benjamin Lewis, has been approved by the Hunicipal Officers of Portland, as stipulated by Section 103c of the Building Code subject to the condition that the structure shall be allowed to remain only for a period of six months from day the structure shall be allowed to remain only for a period or before, the structure shall be either demalished or removed outside of the city limits. These sums conditions are those stipulated by the Ruliding Code for a geometry structure, and the cuilding permit is issued to you, as instructed, c/o liervey to Clark, subject to these same conditions. Forg truly goures Warren McDonald Imprector of Buildings

July Win

City of Portland, Maine

in board of municipal officers

June 30, 1950

prototy ~41-A

Offered \$/30/50

ORDERED \*

That a building permit to authorize erection and maintenance of a temporary shelter or stend for a pertable sew mill on land at the end of Mishop Street reported to be owned by Benjamin Lewis, be and hereby is approved, subject to the condition that the attracture shall be allowed to remain only for a period of mix months from the date of issuance of the permit, and that at the end of that period or before the structure shall be either decalished or removed outside of the City limits; all as provided by Sections 103-c and 211-b-2 of the Evilding Code.
