CITY OF PORTLAND

STEPHEN T. HONEY
CITY MANAGER

March 26, 1981

Mr. J. Wesley Wright, Jr.
Chappie's Restaurant
1192 Forest Avenue
Portland, Maine

Dear Mr. Wright:

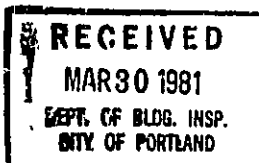

I am in receipt of your request to construct an awning over a portion of the city's right-of-way in front your restaurant at 1192 Forest Avenue and have reviewed your request with the appropriate City staff.

I wish to advise you that pursuant to Chapter 703 of the Portland Municipal Code (Regulations Related to Streets and Ways) that I as Portland's City Manager hereby authorize the issuance of a revocable permit for the placing of two awning stanchions as outlined in the attachments to your letter of March 26, 1981 on the public right-of-way immediately in front of your property at 1192 Forest Avenue.

By copy of this letter I am requesting that Phil Mullin of the Department of Public Works issue you the actual permit for a one-year period the cost of which is \$75.00 for a period of six months to one year. I wish also to advise you that this permit should be renewed annually through the Department of Public Works. In addition I wish to advise you that a permit for the actual construction of the awning must be obtained from the Building Inspection Services Division of the Department of Planning and Urban Development. I understand that you have had several discussions with Paul Rollins of my office and would advise you that if you have any additional concerns regarding this matter to please contact him.

Sincerely,

Stephen T. Honey,
City Manager

CITY OF PORTLAND, MAINE
DEPARTMENT OF BUILDING INSPECTION

Lizzie M Field
c/o S.M. Field *
11 Edwards St.
South Portland Me.

March 15, 1961

*Dear Sir:

With relation to permit applied for to demolish a building or portion of building at 1192 Forest Ave. it is unlawful to commence demolition work until a permit has been issued from this department.

Section 6 of the ordinance for rodent and vermin control provides: "It shall be unlawful to demolish any building or structure unless provision is made for rodent and vermin eradication. No permit for the demolition of a building or structure shall be issued by the Building Inspector until and unless provisions for rodent and vermin eradication have been carried out under supervision of a pest control operator registered with the Health Department.

The building permit for demolition cannot be issued until the provisions of this section have been satisfied. It is the obligation of owner or demolition contractor or both to take up with the Health Department the matter of complying with this section, being prepared to inform that department what registered pest control operator is to be employed.

Very truly yours,

Albert J. Sears

Gentlemen:

The 6" Sonotube foundation recently provided for support of two rear outside platforms does not meet Building Code requirements.

The smallest diameter of Sonotube allowed by the Building Code is 9 inches. Had our office been informed before concrete was poured, as is required, this error could have been prevented.

If additional information relative to the above is desired, please phone Inspector Smith at 4-8221, extension 234, any week day but Saturday between 8:00 and 9:00 A.M.

Very truly yours,

Earle S. Smith

Dear Mr. Harmon:

Upon inspection of the above job on May 19, 1961, the following defect was found:

--The foundations supporting roof outside platform and steps do not extend four feet below grade as per Building Code requirements.

It is important that correction of this condition be made before June 13, 1961, and notification be given this office of readiness for another inspection.

If additional information relative to the above is desired, please phone Inspector Earle Smith at 4-8221, extension 234, any week day but Saturday between 8:00 and 9:00 A.M.

Very truly yours,

RSS/jg

cc to: Wilson Candy Co.
1190 Forest Avenue

Dear Mr. Harmon:

Permit to construct a rear outside stairway from first floor to ground is being issued subject to your plan and our discussion as follows:

1. Floor joists are to be 2x6 inch members spaced at 16 inches on centers.
2. Foundation piers are to be 9 inch concrete filled sonotubes set at 4 feet below grade and 6 inches above.
3. Sills on the three exterior sides of platform are to be 4x6 inch members.

Very truly yours,

Gerald E. Hayberry

So. Portland, Maine

Dear Mr. White:

The 6" Scowtubs foundation recently provided for support of two rear outside platforms does not meet Building Code requirements.

The smallest diameter of Scowtubs allowed by the Building Code is 9 1/2". Had our office been informed before concrete was poured, this error could have been prevented.

Additional information relative to the above is desired, please, from Inspector Smith at 4-3221, extension 234, any week day but Saturday between 8:00 and 9:00 A.M.

Very truly yours,

Earle G. Smith
Field Inspector

Dear Mr. White:

Upon inspection of the above job on May 19, 1961, the following defect was found:

—The foundations supporting rear outside platform and steps do not extend four feet below grade as per Building Code requirements.

It is important that correction of this condition be made before June 13, 1961, and notification be given this office of readiness for another inspection.

If additional information relative to the above is desired, please phone Inspector Earle Smith at 4-8221, extension 234, any week day but Saturday between 8:00 and 9:00 A.M.

Very truly yours,

ESS/JS

Dear Mr. White:

We find upon investigation of the zoning lines affecting your premises, that the change of use for the portion of your store from the center stairwell to the rear of the building may be made from retail to wholesale packaging and storing of candy.

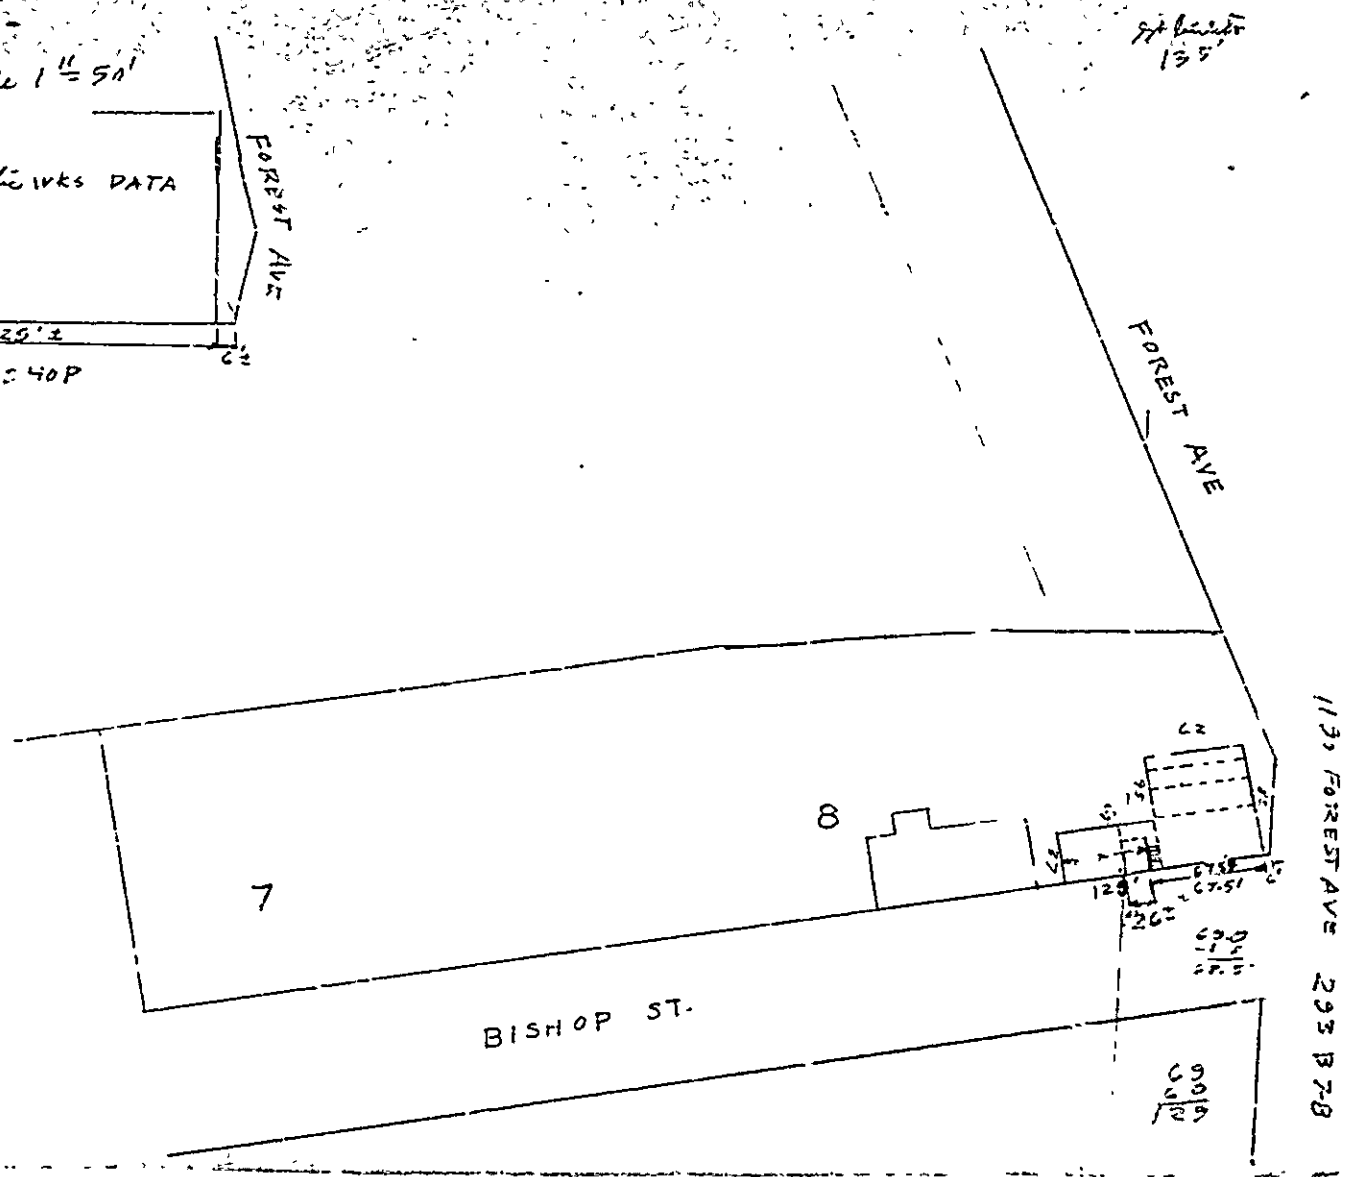

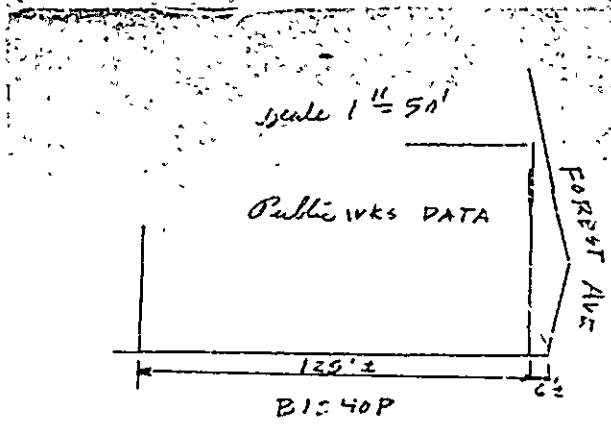

Before this permit can be issued, however, we must have details of the rear exit platform construction. One of the double doors leading to this exit platform must be equipped with a vestibule latch set in accordance with Section 212-a-2.5 of the Building Code.

Exit signs to show location of this door from all parts of the store will be needed.

Very truly yours,

Gerald E. Mayberry
Deputy Inspector of Buildings

Gentlemen:

Building permit for the above sign is issued to the
sign company, herewith, subject to limitations imposed by the
Zoning Ordinance in the L-2 Business Zone where the property
is located.

In this type of zone the total area of outdoor adver-
tising sign on this entire block (including frontages on both
Forest Avenue and Bishop Street) is limited to 300 square feet.
If this 15 square foot area of the proposed sign would make the
total area of signs more than 300 square feet, please refrain
from erecting the sign and return the permit for adjustment --
this with reference to Sec. 1645 of the Zoning Ordinance.

The same section provides that illuminated signs which
flash or are intermittent shall not be permitted.

Very truly yours,

Warren McDonald
Acting Deputy Insptr. of Bldgs.
