Belfort Street
Portland, Maine.

Dear Sir:-

Referring to your application for a building permit to build a car private garage on lot 12-13 Belfort Street, the upper story to be used for the storage of carpenters and contractors equipment.

Your property is located in a general resident zone and the use which you give for the second story of this building is a non-conforming one under the Zoning Ordinance of the City.

It is therefore necessary for this department to withhold the permit. If you intend to go ahead with merely the garage part of the building, you should come to this office and alter your application to this effect. On the other hand if you decide that you will not build at all, the fee which you have paid for the permit will be refunded if you will return the receipt for the same to this office on or before January 23.

Sincerely,

Inspector of Buildings.
