Building and Inspection Services Dept.; Plumbing Inspection

ALBERT J. SEARS
INSPECTOR OF BUILDINGS

File

CITY OF PORTLAND, MAINE
Department of Building Inspection

AP-20-24, Wyndham Street

September 9, 1960

Christy & Small, Inc.
112 Richland Street
South Portland, Maine

cc to: Health Department

Gentlemen:

Examination of application for permit for construction of a single family dwelling at the above named location discloses that a septic tank is proposed in connection with sewage disposal facilities and that the area of the lot involved is only 7500 square feet. The table in Section 19-3 of the Zoning Ordinance establishing the minimum size of lot required on the basis of the rate of percolation of the soil when a septic tank is to be used starts at 7800 square feet, some 300 feet larger than the area of the lot involved in this case. Under such circumstances, we are unable to issue a permit for construction of a dwelling on a lot less than 7800 square feet in area, even though septic tank arrangements satisfactory to the Health Department are to be provided, unless authorization of the Board of Appeals is secured. Do you wish to exercise your appeal rights in this instance? If you have not already done so, it is suggested that you make arrangements to have the Health Department make a percolation test to check the area of lot required on this basis can be determined and that information may be obtained from that department as to whether they will be able to approve the use of a septic tank on a 7500 square foot lot and on what basis they would do so.

Very truly yours,

AJS/jc

Albert J. Sears
Inspector of Buildings

CITY OF PORTLAND, MAINE

Department of Building Inspection

NOTICE RELATING TO SEWAGE DISPOSAL

x means copy sent to the parties

(date) Sept. 9 1960

Location 20-21 Wyndham St.

Description Single Family Dwelling

Owner and Address Christy & Small Inc. 112 Richmond St. So. Portland Me.

Contractor and Address owner

Architect or Engineer and Address _____

Actual Area of Lot 7500 Sq. Ft.

Zone R-1 Residence

Area required by Zoning Ord. if sewer were available 6500

Where septic tank systems are required for sewage disposal the Zoning Ordinance provides that the least allowable area of the lot shall be determined by the rate of percolation of the soil, this being the capacity of the soil to allow liquids to pass through as determined by tests. The Building Code directs that, where a septic tank is to be used, a building permit shall not be issued unless the proposed method of sewage disposal has been approved by the Director of Health.

Since application for the above permit indicates that connection to a sewer is not possible, it is necessary for the owner or his agent to file a site plan with the Health Department, to explain the method of sewage disposal proposed, and to make arrangements for a percolation test to be made under supervision of that department.

After the rate of percolation has been determined, the Director of Health will notify this department of the area of lot required on the basis of the results of the test. If the lot area required by the tests is equal to or less than the actual area of the lot and not less than the minimum lot area required in the zone in which the property is located for cases where connection to a sewer is available, the building permit can be issued; otherwise the permit cannot be issued unless authorization is secured from the Board of Appeals.

Albert J. Sears
Inspector of Buildings

2 copies to Health Director

(This space for Health Department use)

Inspector of Buildings

Rate of Percolation is water faster minutes. On this basis area required by Zoning Ordinance is _____ sq. ft.

Comments in event zoning appeal is filed: _____

APPLICATION FOR PERMIT FOR HEATING, COOKING OR POWER EQUIPMENT

Portland, Maine, August 17, 1950

PERMIT ISSUED
01464
AUG 21 1950
CITY OF PORTLAND

To the INSPECTOR OF BUILDINGS, PORTLAND, MAINE

The undersigned hereby applies for a permit to install the following heating, cooking or power equipment in accordance with the Laws of Maine, the Building Code of the City of Portland, and the following specifications:

Location 18 Wyndham Rd. Use of Building Dwelling No. Stories 2 Existing NEW
Name and address of owner of appliance Bernard E. Hoyt, 18 Wyndham Rd., Portland, Maine
Installer's name and address BALLARD OIL & EQUIPMENT CO. Telephone 2-1991

General Description of Work

To install One fully automatic oil burner under gravity hot air furnace.

IF HEATER, OR POWER BOILER

Location of appliance or source of heat _____ Type of floor beneath appliance _____
If wood, how protected? _____ Kind of fuel _____
Minimum distance to wood or combustible material, from top of appliance or casing top of furnace _____
From top of smoke pipe _____ From front of appliance _____ From sides or back of appliance _____
Size of chimney flue _____ Other connections to same flue _____
If gas fired, how vented? _____ Rated maximum demand per hour _____

IF OIL BURNER

Name and type of burner Ballard 4XR3L Labeled by underwriter's laboratories? Yes
Will operator be always in attendance? No Does oil supply line feed from top or bottom of tank? Bottom
Type of floor beneath burner Cement
Location of oil storage Basement Number and capacity of tanks 1 - 275
If two 275-gallon tanks, will the e-way valve be provided? _____
Will all tanks be more than five feet from any flame? Yes How many tanks fire proofed? None
Total capacity of any existing storage tanks for furnace burners None

IF COOKING APPLIANCE

Location of appliance _____ Kind of fuel _____ Type of floor beneath appliance _____
If wood, how protected? _____
Minimum distance to wood or combustible material from top of appliance _____
From front of appliance _____ From sides and back _____ From top of smoke pipe _____
Size of chimney flue _____ Other connections to same flue _____
Is hood to be provided? _____ If so, how vented? _____
If gas fired, how vented? _____ Rated maximum demand per hour _____

MISCELLANEOUS EQUIPMENT OR SPECIAL INFORMATION

Amount of fee enclosed? \$2.00 (\$2.00 for one heater, etc., 50 cents additional for each additional heater, etc., in same building at same time.)

APPROVED:
[Signature]

Will there be in charge of the above work a person competent to see that the State and City requirements pertaining thereto are observed? Yes
