Gentlemen:

We understand from our inspector that you are getting ready to install the heating systems at 1886-1916 Forest Avenue.

The heating permits were applied for but never issued because the fee was not paid. Last year when we were figuring this for you we came up with a fee of \$35.00 per unit and there are 25 units making a total of \$875. plus \$10.00 for the Community Building, thus making a total of \$885.00.

Would you send us a check for this amount so that we can issue these permits. The check should be made out to the City of Portland and sent to this department. No work is to be done until the permits are issued.

We are enclosing two copies of the application for the Community Building. Will you please sign both copies and return them to this office.

Very truly yours,

R. Lovell Brown  
Director
