Permit 88410-I

February 12, 1941

Mr. Archer
210 Street
Portland, Maine

February 11, 1941, your Mr. Archer filed application for a building permit for the installation of an oil burner for Mr. Guy V. Lanson at 210 Street, Portland, Maine. We find that the burner was installed more than a week

ago. Please explain to the undersigned without delay the reason for this violation of the Building Code to the extent of actually installing the burner before the permit was even applied for.

An inspector from this office also finds that the fill-and vent pipes have not been vented to the outside air but the openings in the tank left open to the cellar. Evidently this condition has existed since the tank was installed and the cellar reeks with the odor of oil, a dangerous condition.

Very truly yours,

Inspector of Buildings

McC/S
Cc: Guy V. Lanson
54 Allan Bryant
