# Certificate of Occupancy

LOCATION Lot 22 Greenwood Lane

Date of Issue November 10, 1969

Issued to Robert M. Chase  
177 Lambert St.

This is to certify that the building, premises, or part thereof, at the above location, built—altered—changed as to use under Building Permit No. 69/358, has had final inspection, has been found to conform substantially to requirements of Zoning Ordinance and Building Code of the City, and is hereby approved for occupancy or use, limited or otherwise, as indicated below.

PORTION OF BUILDING OR PREMISES

Entire

APPROVED OCCUPANCY

One family dwelling house.

Limiting Conditions:

This certificate supersedes  
certificate issued

Approved:

(Date)

Inspector

Inspector of Buildings

Notice: This certificate identifies lawful use of building or premises, and ought to be transferred from owner to owner when property changes hands. Copy will be furnished to owner or lessee for one dollar.

Lot 22 Greenwood Lane

October 1, 1969

Mr. Robert M. Chase  
179 Lambert St.  
Portland, Maine

Dear Mr. Chase:

Please be advised that we are unable to issue a certificate of occupancy for Lot 22 Greenwood Lane because we have no permit for the installation of the oil burner or forced hot water heating system.

Very truly yours,

Earle S. Smith  
Plan Examiner II

ESS/lt

Lot 22 Greenwood Lane

May 1, 1969

Robert Chase  
179 Lambert Street

Dear Mr. Chase:

The floor plan and the elevation plans that you submitted for this building conflict with one another. Your elevation plan shows a bay window in the front, your floor plan does not. Your elevation plan shows an outside chimney, your floor plan does not.

Could you stop in and clear this up for us? We will wait to hear from you.

Very truly yours,

Edwin W. Locke, Jr.  
Plan Examiner II

CITY OF PORTLAND, MAINE  
DEPARTMENT OF BUILDING INSPECTION

NOTICE RELATING TO SEWAGE DISPOSAL

x means copy sent to the parties Date April 30, 1969  
Location Lot 22 Greenwood Lane Description One family dwelling house.  
Owner and Address Robert Chase, 179 Lambert St.  
Contractor and Address: " " " "  
Actual Area of Lot 11,200 Sq. Ft. Zone R-3 Residence  
Area required by Zoning Ord. if sewer were available 6,500

Where septic tank systems are required for sewage disposal, the Zoning Ordinance provides that the least allowable area of the lot shall be determined by the rate of percolation of the soil, this being the capacity of the soil to allow liquids to pass through as determined by tests. The Building Code directs that, where a septic tank is to be used, a building permit shall not be issued unless the proposed method of sewage disposal has been approved by the Director of Health.

Since application for the above permit indicates that connection to a sewer is not possible, it is necessary for the owner or his agent to file a site plan with the Health Department, to explain the method of sewage disposal proposed, and to make arrangements for a percolation test to be made under supervision of that department.

After the rate of percolation has been determined, the Director of Health will notify this department of the area of lot required on the basis of the results of the test. If the lot area required by the tests is equal to or less than the actual area of the lot and not less than the minimum lot area required in the zone in which the property is located for cases where connection to a sewer is available, the building permit can be issued; otherwise the permit cannot be issued unless authorization is secured from the Board of Appeals.

  
Director of Building & Inspections

\*\*\*\*\*  
2 copies to Health Director

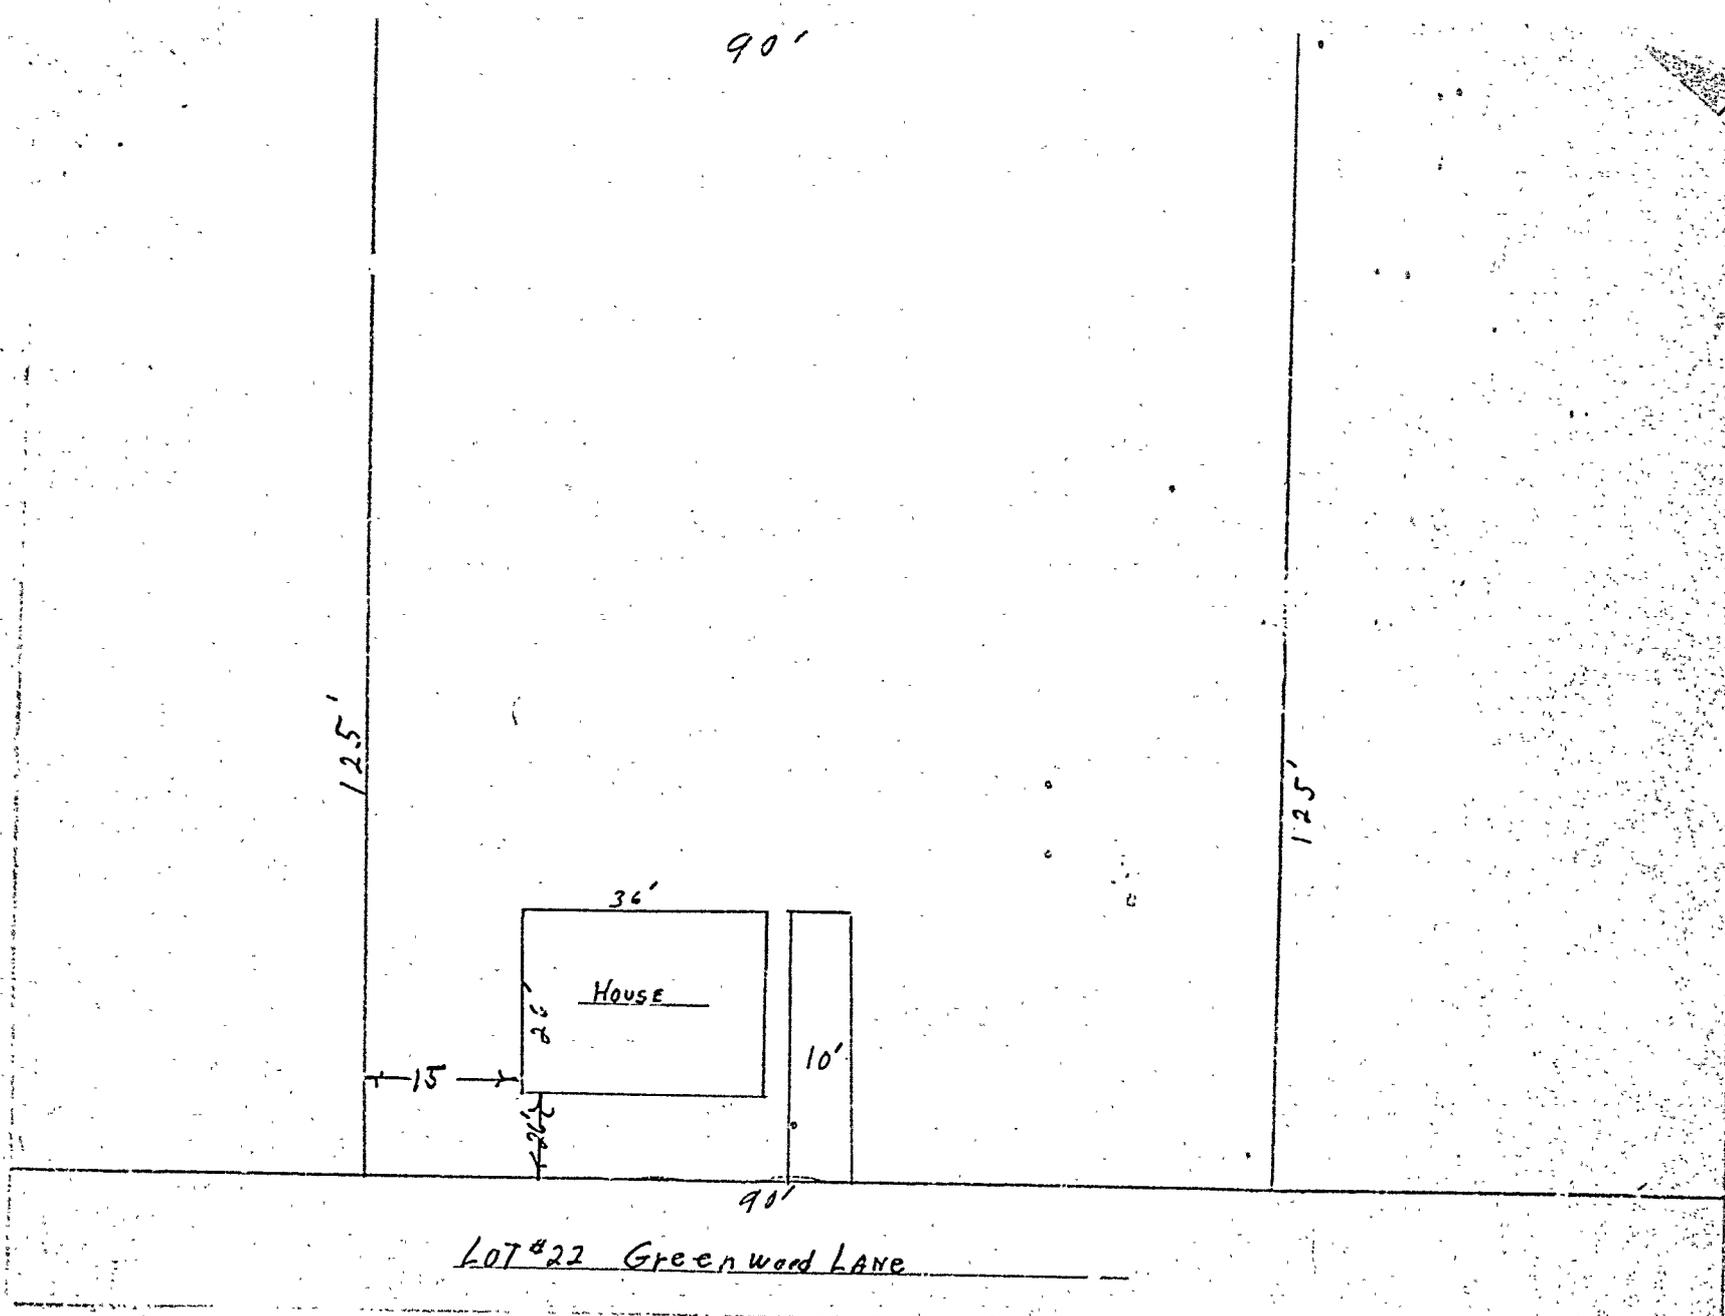

(This space for Health Department use)

Inspector of Buildings

Rate of Percolation is 10 minutes. On this basis area required by  
Zoning Ordinance is 10,500 sq. feet.

Comments in event zoning appeal is filed: 130 x 3 x 3 feet must be
