July 15, 1971

Mr. Herman Brettman  
Auburn Terrace Associates  
568 Loring Avenue  
Salem, Mass. 01970

Dear Mr. Brettman:

I am happy to inform you the City Planning Board has voted to approve your site plan for Auburn Terrace. Although the Board would like to have had additional time to review your request, we are most appreciative and sympathetic of your time schedule in the various approvals required by the FHA. The Board did however, instruct their staff to review and approve the following details before a building permit is issued:

1. Review lighting, landscaping, and sign proposals for this area. This has been discussed with your architect previously and we do not anticipate any problem in approving these items.
2. Submission of an architectural plan for a bus shelter which we feel should be very attractive. Since this is not an integral part of the development, we could act on this after the building permit is issued if you prefer.
3. It is our understanding that you will require the City to pick-up the rubbish and trash. If this is correct, the Planning Board will insist on some provision for enclosed trash receptacles. Such disposal areas must be screened from view of the general public.

We are anxiously awaiting the construction of Portland's first 236 project and are particularly pleased that thirty-three units will be utilized for rent supplementation.

Very sincerely,

Donald E. Megathlin, Jr.  
Planning Director

Re: Auburn Terrace

September 15, 1971

Director  
U.S. Department of Housing & Urban Development  
Federal Housing Administration  
U.S. Federal Building  
Bangor, Maine

Dear Sir:

This is to certify that Auburn Terrace Construction Company has deposited with this office funds for the issuance of 17 building permits for the construction of 164 units to be known as Auburn Terrace.

The plans and specifications submitted have been received and are in the process of clearance. Upon final clearance by all departments of the City of Portland the permits will be issued.

Very truly yours,

RLB/c

R. Levell Brown  
Director Building & Inspection

call*

A.P. - 229-326 Auburn Street

Sept. 24, 1971

Auburn Terrace Associates  
568 Loring Avenue  
Salem, Mass.

Gentlemen:

This office is unable to issue permits to construct the multiple family dwelling units on Auburn Street, called Auburn Terrace, until such time as the following items have been corrected.

1. The Public Works Department requires granite curbs on the length of the property on Auburn Street with 6 foot sidewalks and 4 foot esplanades. (please be guided by the enclosed memo).
2. This office does not have a drainage and sewage plan which must be O.K'd by the Public Works before we are able to issue a permit.
3. The typical wall section shows a 2x4 sill instead of the 4x6 sill required by Section 1503 of the Building Code.
4. In the set of plans submitted with the application we can find no electrical plan which will have to be checked by our electrical inspector before issuance.
5. The typical cross sections, especially those showing overhang are not clear. We would request that you send us a flat plan showing the structural members of the second floor framing.
6. When filing for the building permit you neglected to leave us a set of the specifications.
7. No structural details of the boiler room and pram room are shown.
8. Please submit your computations indicating that enough air for combustion will be supplied to the boiler room.

When the above items have been supplied and this office has had an opportunity to peruse the new material submitted we will then be in a position to expedite the issuance of a permit.

Very truly yours,

Earle S. Smith  
Plan Examiner

RE: 222 Auburn Street

Dr. Phillip Briggs  
222 Auburn Street  
Portland, Maine 04103

Dr. Briggs:

An inspection conducted at this address revealed that areas of the basement level are being occupied in violation to the City Code.

The Code clearly requires that two (2) approved remote exits be provided for all levels. Letters stating this fact and denying permit applications have been sent on four (4) different occasions.

Please contact this office on or before May 12, 1986 so that this problem can be rectified. Failure to do so will result in legal action without further notice to you.

Sincerely,

Lt. James Collins  
Fire Prevention Bureau

Robert Maguire  
Maguire Construction  
87 Springwood Road  
South Portland, Maine 04106

Dear Sir:

Your application to make interior renovations at 222 Auburn Street has been reviewed and a permit cannot be issued because of inadequate exiting.

Please call or come to this office to revise your proposed changes to comply with code.

Sincerely,

P. Samuel Hoffses  
Chief of Inspection Services

NOTES

6/20/84 2nd level

Partitions all sprayed in  
not dry-walled - telco OK:  
Exits travel OK:

10/5/84 2nd level

Being finished off, exits  
approved OK - with ~~approval~~  
Collins regarding them

10/11/84

Exit problems will be  
resolved; Talked @ Mr. ~~Patton~~  
and the contractor will cut in for 2 additional exits;

10/12/84 Left a memo at Lt Collins office  
explain the plan & new exits - told contractor  
to send us in new floor plans showing the  
existing (exits) and the new.

Also told them we had to have another exit  
from the office area in the basement.

1-7-85. Glass partition to be erected in the  
hall way as a fire separation has not been  
started;

1-8-85 - Lt Collins has OK'd the above type  
of partition - panels of wire-glass rated glass into  
the wall - Lt Collins states he has talked with  
the owner & there should be no questions as  
to what has to be used in its construction.
