Modular Classrooms

January 6, 1988

Mr. Richard B. Jones
Portland Schools Department
331 Veranda Street
Portland, Maine 04103

Dear Mr. Jones:

Site plan review for the modular classrooms at several local schools has been completed and application for building permits should be made in this office. We believe that these modular units are both in place and in use at this time. In order for a certificate of occupancy to be issued for each of these structures, it will be necessary for your Department to apply for a building permit for each of these modular classroom units.

The following site plans have been approved by the several Departments of the City and the City Planning Board:

- | | | |
|--------------------------|------------------------------|-----|
| 1. 414 Eastern Promenade | Jack Elementary School | R-3 |
| 2. 92 Deering Avenue | King Middle School | R-5 |
| 3. 175 Auburn Street | Lyseth Elementary | R-2 |
| 4. 171 Auburn Street | Lyman Moore Middle School | R-2 |
| 5. 432 Stevens Avenue | Longfellow Elementary School | R-5 |

Before a certificate of occupancy can be issued for each modular classroom unit, all elements of the plans including landscaping must be completed for each of these new building units.

Sincerely,

Warren J. Turner
