CITY OF PORTLAND, MAINE
MEMORANDUM

TO: Mr. Albert J. Sears, Building Inspector DATE April 15, 1960
FROM: Robert H. Flaherty, Chief Inspector, Fire Prevention Bureau
SUBJECT: Tank installation at 25 Auburn Street

This application is approved provided that the 500 gallon underground waste oil tank will be anchored in place.

It is possible that this tank may become buoyant due to the area in which the tank is located. It is very important that this precaution be taken.

Description of Proposed Work

trench
To construct a pit in the floor of what was to be a wash stand 8' long, 15" wide and 7'6" deep properly supported supporting the earth with masonry walls to accommodate a Weaver Twin Post Lift for motor vehicles. The top of the walls surrounding the trench is to be flush with the floor and the trench is to be covered with a metal cover so adapted as to allow movement of the front post.

City of Portland, Maine
Board of Appeals

—ZONING—

July 21, 19 50

*Denied
8/4/50
50/84*

To the Board of Appeals:

Your appellant, Edward T. Pulsifer, who is the lessee of property at 21-31 Auburn Street, respectfully petitions the Board of Appeals of the City of Portland to permit an exception to the regulations of the Zoning Ordinance relating to this property, as provided by Section 18, Paragraph E of said Zoning Ordinance.

Building permits intended to cover construction of automobile service building, 30' x 66' x 15' and installation of gasoline tanks, pumps and piping at 21-31 Auburn Street, are not issuable under the Zoning Ordinance because this property is located in a Local Business Zone where, according to Section 6A of the Ordinance, the proposed use is not allowable unless first authorized by the Board of Appeals after the usual appeal procedure.

Similar appeal was granted at this location on April 28, 1950, but former proposal was for a building 27' x 48' x 14', whereas present proposal calls for a larger building and installation of four tanks with a total capacity for storage of 14,000 gallons.

The facts and conditions which make this exception legally permissible are as follows:

An exception is necessary in this case to grant reasonable use of property and can be granted without substantially departing from the intent and purpose of the Zoning Ordinance.

Edward T. Pulsifer

by Edward A. Neuman, agent.
Appellant

After public hearing held on the 4th day of August, 19 50

the Board of Appeals finds that an exception is not necessary in this case to grant reasonable use of property and can not be granted without substantially departing from the intent and purpose of the Zoning Ordinance.

It is, therefore, determined that exception to the Zoning Ordinance may not be permitted in this specific case.

CITY OF PORTLAND, MAINE

Department of Building Inspection

July 12, 1931

Mr. [Name],
[Address]
[Address]

Dear Sir:
Reference is made to your letter of July 10, 1931, regarding the proposed alterations to the building at [Address].

C
O
P
Y

The proposed alterations are in accordance with the provisions of the Building Code of the City of Portland, Maine, and are hereby approved, provided that the alterations are made in accordance with the plans and specifications submitted herewith.

Your attention is directed to the fact that the proposed alterations are subject to the approval of the Board of Appeals, and that you should apply to the Board of Appeals for a permit to alter the building.

The Board of Appeals has granted to you a permit to alter the building at [Address] on July 10, 1931, and the plans have been approved. The proposed alterations are in accordance with the provisions of the Building Code of the City of Portland, Maine, and are hereby approved, provided that the alterations are made in accordance with the plans and specifications submitted herewith.

Very truly yours,

Harold K. [Name]
Inspector of Buildings

Enclosure to each address: Outline of appeal procedure

CITY OF PORTLAND, MAINE
BOARD OF APPEALS

July 25, 1947

TO WHOM IT MAY CONCERN:

The Board of Appeals will hold a public hearing in the Council Chamber, City Hall, Portland, Maine on Friday, August 2, 1947 at 10:30 a. m. Daylight Saving Time to hear the appeal of Edward F. Poirier requesting exception to the zoning ordinance to permit construction of automobile service building, 30' x 60' x 15' and installation of gasoline tanks, pumps and piping at 21-31 Auburn Street.

This permit is presently not issuable because this property is located in a Local Business Zone where, according to Section 4 of the Ordinance, the proposed use is not allowable unless first authorized by the Board of Appeals after the usual appeal procedure. A similar appeal was granted at this location on April 22, 1947, but the former proposal was for a building 27' x 45' x 15', whereas present proposal calls for a larger building and installation of four tanks with a total capacity for storage of 12,000 gallons.

This appeal is taken under Section 105 of the zoning Ordinance which provides that the Board of Appeals, by unanimous vote of its members, may permit exceptions in specific cases so as to grant reasonable use of property and without substantially departing from the intent and purpose of the zoning Ordinance, subject always to the rule that said Board shall give due consideration to promoting public health, safety, convenience, and welfare, encouraging the most appropriate use of land and conserving property values, that it shall permit no building or use objectionable, offensive, or detrimental to a neighborhood, and that it shall prescribe appropriate conditions and safeguards in each case.

All persons interested either for or against this appeal will be heard at the above time and place. This notice of intended public hearing being taken due to the owners of property within 50 feet of the premises in question as required by law.

Walter C. McKee,
Edward F. Poirier,
Chairman

Copies to:
Susner Goffin, Inc., 98 Exchange Street
Mark Barrett, Assistant Corporation Counsel

Gentlemen:

Building permits intended to cover construction of automobile service building (called Service Garage by Building Code), 30 feet by 66 feet and 15 feet high, and installation of gasoline tanks, pumps and piping at 21-21 Auburn Street, are not issuable under the Zoning Ordinance because the property is located in a Local Business Zone where, according to Section 6A of the Zoning Ordinance, the proposed use is not allowable unless first authorized by the Board of Appeals after the usual appeal procedure.

Your attorney has indicated that you desire to seek this special authorization from the Board of Appeals; so, there is enclosed to each of you an outline of the appeal procedure.

The Board of Appeals granted to you a similar appeal at this location on April 28 of this year, but the plans were never completed. Your former proposal was for a building 27 feet by 48 feet and about 14 feet high and without stipulation as to the number and capacity of gasoline tanks. The present proposal calls for a larger building—30 feet by 66 feet and 15 feet high—and installation of four tanks with a total capacity for storage of 14,000 gallons. It is obvious that the former authorization does not cover the larger building.

Very truly yours,

Garren McDonald
Inspector of Buildings
