

BP 41-43 Auburn Street-I
(Amendment No. 1)

May 24, 1950

Mr. L. W. Beal
7 1/2 Spring Street
Portland, Maine

Dear Mr. Beal:

Amendment to building permit for laundry building at 41-43 Auburn Street is approved conditionally and issued to you herewith, subject to the following:

When you talked the matter over with me in the office you had a blueprint which showed the arrangement of proposed office partitions, and you went into the outer office to mark these partitions, doorways etc., comprising the change, in yellow crayon and I requested that you leave the blueprint here filed with the application for amendment.

Probably you misunderstood that request. At any rate you did not leave the print and we have nothing to check Building Code requirements against.

While any particular difficulties are unlikely, as I remember it, these partitions were at the entrance to the building and intended so that persons entering the building would enter the office and not in the open building. There may be questions about swing of doors, door hardware etc., also width of any doorways involved in a required means of egress which the entrance to the building would be.

The amendment is being issued on your responsibility to look after these matters which will all have to be checked up when you give us notice before closing up any of the walls or partitions or ceilings, or any part of them, even putting on the lath.

If there is any doubt in your own mind about compliance with the Building Code of this new work, it is recommended that you return the print marked up the way you want it, file it with the amendment and let us check it against Building Code requirements before starting the new part of the work.

Very truly yours,

Warren McDonald
Inspector of Buildings

WMod/G

APPLICATION FOR AMENDMENT TO PERMIT

Amendment No. 1

Portland, Maine, May 25, 1950

PERMIT ISSUED

MAY 24 1950

CITY of PORTLAND

To the INSPECTOR OF BUILDINGS, PORTLAND, MAINE

The undersigned hereby applies for amendment to Permit No. 50/202 pertaining to the building or structure comprised in the original application in accordance with the Laws of the State of Maine, the Building Code and Zoning Ordinance of the City of Portland, plans and specifications, if any, submitted herewith, and the following specifications:

Location 41-43 Auburn Street Within Fire Limits? no Dist. No.
Owner's name and address L. W. Beal, 74 Spring Street Telephone
Lessee's name and address Telephone
Contractor's name and address owner Telephone
Architect Telephone
Proposed use of building Retail Laundry Building Plans filed no No. of sheets
Last use No. families
Increased cost of work Additional fee .25

Description of Proposed Work

To partition off additional office space, 10' x 12', 2x4 studs, 16" on centers, covered on both sides with wallboard.

Permit issued with Letter

Inspector of Buildings

INSPECTION COPY

AP 41-43 Auburn Street-I

February 21, 1950

Mr. I. W. Beal
74 Spring Street
Portland, Maine

Subject: Permit for construction of laundry building
at 41-43 Auburn Street

Dear Sir:

The permit for the above work is issued herewith based on the revised plans and subject to the following:

1. The permit is issued on the basis that the building is to be only 70' long from the faces of the projecting plasters on the front of the building to the outside face of the rear wall, this being the length of building for which the appeal was sustained, and the dimension has been changed accordingly on the plans.
2. An exit door 3' x 7', as shown in crayon on plan, is to be provided in the rear wall of the building. A vestibule latchset similar to the one specified for the front door is to be provided for the rear exit door. An exit sign with letters at least 6" high is to be provided over this door in the rear wall.
3. We understand that you have consulted the Plumbing Inspector and that the single toilet shown on plans is satisfactory to him.
4. It is understood that you plan no other partitions in the building than are shown on the plans. If it should later develop that other partitions seem desirable, they may be covered by an amendment to this permit, but this should be secured before work on the partitions is started.
5. The storage of one or more motor vehicles in the building is not allowable under the present set up and we understand that you do not plan to do so. Before it will be lawful to store motor vehicles in the building, it will be necessary to separate the space where the motor vehicles stand from the rest of the building by partitions of one-hour fire resistance with a self-closing Class "C" labelled fire door in any opening in the partition. Erection of the partitions must be covered by a permit secured before work on them is started.
6. A separate permit issuable only to the installer is required for the installation of the heating system.
7. For your information the rights granted under the Zoning appeal will expire unless work is started on the building within six months of the date of granting of the appeal or unless work on the building is completed within one year of that date.
8. We note on the application that you are to be your own contractor, but understand that you are to sub-let the different parts of the work to various contractors and merely oversee the work yourself. There are many requirements of the Building Code which it is impractical to show on plans such as you have filed here but with which nevertheless compliance must be provided. Therefore it is important that in case of a question in regard to requirements for any particular part of the work that you find out from this department just what is required before proceeding with that part of the work. We have no option but to require that work not done in accordance with requirements be made to comply even though at additional expense.

and the permit is issued on this basis. It is understood that you do not plan to do any dry cleaning in the building

AJS/G

Very truly yours,

Inspector of Buildings

STATEMENT ACCOMPANYING APPLICATION FOR BUILDING PERMIT

for laundry building
at 29 Auburn Street 41-43 Date 11/19/49

1. In whose name is the title of the property now recorded? L. W. Beal
2. Are the boundaries of the property in the vicinity of the proposed work shown clearly on the ground, and how? none
3. Is the outline of the proposed work now staked out upon the ground? yes ^{2/8/50} If not, will you notify the Inspection Office when the work is staked out and before any of the work is commenced? _____
4. What is to be maximum projection or overhang of eaves or drip? _____
5. Do you assume full responsibility for the correctness of the location plan or statement of location filed with this application, and does it show the complete outline of the proposed work on the ground, including bay windows, porches and other projections? yes
6. Do you assume full responsibility for the correctness of all statements in the application concerning the sizes, design and use of the proposed building? yes
7. Do you understand that in case changes are proposed in the location of the work or in any of the details specified in the application that a revised plan and application must be submitted to this office before the changes are made? yes

L. W. Beal

RE: Auburn Street.- (Northgate)

Fleet Bank
35 Ash Street
Lewiston, Maine 04240
Attn: Raymond Bernier

Dear Sir:

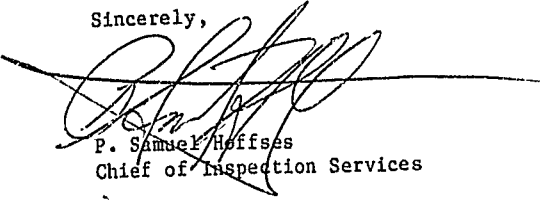

Your application to make interior renovations at Fleet Bank, Auburn Street in Portland has been reviewed and a permit is herewith issued subject to the following requirements:

No certificate of occupancy can be issued until all requirements of this letter are met.

1. The stairwell leading from the basement to the first floor must have a one hour fire-rated enclosure with a fire rated door at top of stairs.
2. Exit lighting and markings must be in accordance with section 822.0 of the City's building code.

If you have any questions regarding these requirements, please do not hesitate to contact this office.

Sincerely,

P. Samuel Hoffses
Chief of Inspection Services
