ESB 8/23/56

Capt. 608 Allen Ave. - some type of business or service being conducted
contrary to Zoning Ordinance

Mr. Frederick S. Cartwright Jr.
608 Allen Ave.

August 3, 1956

Dear Mr. Cartwright,

An inspector from this office finds that some type of business or service or otherwise unlawful use under the Zoning Ordinance is being conducted at the property which you are reported to own or control at 608 Allen Ave.

It appears that refrigerators or stoves or other appliances are being stored outside and perhaps inside of the building, and perhaps some servicing is going on also.

This property is in a Residence A Zone, where these and any other types of business or service are not allowable under 12A of the Ordinance.

When a violation of the Zoning Ordinance is found, this department is directed to notify the Corporation Counsel of the City, who is authorized to compel compliance with the law.

As a practical matter we are usually quite successful in getting such violations cleared up without recourse to the Legal Department. While no one has a right to authorize continuance of an unlawful use, if these uses are discontinued and evidences of them removed from the premises before August 13, 1956, we shall not find it necessary to report to the Corporation Counsel.

Very truly yours,

Warren McDonald
Inspector of Buildings

File: P.37/586-I

May 18, 1937

Mr. A. H. Chapman,
278 Ray Street,
Portland, Maine

Dear Sir:

Referring to my letter of May 7th stopping work under permit No. 37/586 to cover construction of a combined dwelling house and garage at 306-208 Allan Avenue on account of a condition which appeared to be contrary to the zoning law, you may consider this letter as a revocation of the stop order.

We find that you have recorded a revised plan of Section B, the Plans in the Registry of Deeds which eliminates the platted street indicated on the former plan. It appears on the basis of this revised plan that the application for the permit conforms with the zoning law, irrespective of the fact that to eliminate one or more streets in the subdivision and set out lots which have a depth as high as 500 feet seems very questionable from the standpoint of the future development of the property.

Very truly yours,

McD/H

Inspector of Buildings

CC: A. D. Soule
15 Dudley St.

P. No. 57/506-1

May 7, 1937

Mr. A. H. Chapman,
278 Bay Street,
Portland, Maine

Dear Sir:

Because we have found that the garage attached to your proposed dwelling house at 400-406 Allen Avenue would be wider than twenty feet to the street line of Lansing Street, a street not shown on your location plan, contrary to the terms of the Zoning Ordinance in the General Residence Zone where the property is located, it is necessary for me, by this letter, to require that you stop all work authorized under the permit, or, if the work has not been started, that you refrain from starting it, until this discrepancy is adjusted to comply with the Zoning Law and until this stop order has been revoked.

I shall be glad to go over the situation with you if you will come to this office.

Please be governed accordingly.

Very truly yours,

CC A. O. Soule,
13 Dudley St.
