CITY OF PORTLAND, MAINE Department of Building Inspection

## Certificate of Occupancy

LOCATION 558-564 Allen Ava.

Issued to Mrs. Elinabeth B. Smith

Date of Issue Nuy. 20, 1956

This is to certify that the building, premises, or part thereof, at the above location, built-alcred changed as course under Building Permit No. 56/1087, has had final inspection, has been found to conform substantially to requirements of Zoning Ordinance and Building Code of the City, and is hereby approved for occupancy or use, limited or otherwise, as indicated below.

PORTION OF BUILDING OR PREMISES

APPROVED OCCUPANCY

Onc-family Dwelling Pouse

Limiting Conditions:

This certificate supersedes certificate issued

Approved:

11/29/56 (Date)

Impector of Building
Notice: This certificate identifies lawful use of building or premises, and ought to be transferred from owner to owner when property changes hands. Copy will be furnished to owner or less-e for one dollar.

duly 24, 1956

AP 558-564 Allen Avenue

Contractor-Merbert G. Call & Son 52 Maplewood Street

Owner Mrs. Elizabeth B. Smith 45 Congress Street

Building permit for construction of single family dwelling, broezeway and garage at the above location is issued horewith based on plans filed with application for permit, but subject to the following conditions:-

-Bofore notification is given for check of forms and location prior to pouring of concrete for foundation walls, information is to L. furnished as to foundation and framing of front entrance platform.

-Py acceptance of permit you agree to provide the following constructim or class to secure approval of some other type of acceptable construe, ion before proceeding with that part of the work involved:-

- 1. The 6x8 girder is to be of full size, not dressed, lumber.
- 2. The 2mb rafters of dorner window spaced 16 inches on centers are acceptable only if pitch of roof is to be more than 4 inches in 12 inches. If the pitch is to be less than this, 2x6 refeers will need to be spaced not over 12 inches on centers, or 2x8 rafters spaced 20 inches on centers may be used if desired.

Very truly yours,

Albert J. Sears Deputy Inspector of Buildings

CITY OF PORTLAND, MAINE

SEPTIC TANKS Request for approval of

Department of Building Inspection

Date July 24, 1956

Location - 558 Allen Avenue Sidney and Eli. Smith Contractor - Herbert Gail and Son Type Bldg - Dwelling

To the Health Director:

Application for building permit identified as above has been filed in this office; indicating that a septic tank installation is proposed, as means of sewage disposal. Applicant represents that connection to a public sewer is not feasible. Copy to owner and contractor is attached.

Your approval as to the method of sewage disposal is requested before a building permit is issued, therefore will you complete and return the appended report as expeditiously as possible.

Attachment:

Jampector of Buildings

Copy of this notice Copy of letter to owner

Proposed sewage disposal method is wellow demarks: Special design. approved.

Edwardwirth Mealth Director 7/2 4/87
